Your ref: 2016/51/91664/W

Date: 15 June 2016

Dear Mr Wakefield

EXPRESS HAZARDOUS SUBSTANCE CONSENT FOR STORAGE OF POTASSIUM NITRATE, POTASSIUM PERMANGANATE, CHROMIC ACID, SODIUM PERCORBONATE, SODIUM NITRATE (400 TONNES TOTAL ACROSS THE 6 SUBSTANCES) 9, ASHGROVE ROAD, DEIGHTON, HUDDERSFIELD, HD2 1FQ

Thank you for consulting us on the above application which we received on 24 May 2016. We have the following comments to make.

COMAH
We have no have objections to the proposals described in the Hazardous Substance consent application. Hanson Logistics Limited has been in discussion with the COMAH Competent Authority (HSE/EA) regarding the storage of potassium nitrate, potassium permanganate, chromic acid, sodium percarbonate and sodium nitrate.

Hanson Logistics Limited are required to submit a COMAH Regulation 10 revision of their safety report to the Competent Authority before the changes can take place. The Competent Authority will then carry out a full assessment to ensure the Operator is taking all measures necessary to prevent major accidents and to limit their consequences for human health and the environment.

Flood Risk
The site is located within flood zone 3. With regards to the history of flooding we can advise that we do not have any records of flooding in this area. It is possible that flooding from other sources may have occurred that we do not have records for, and other organisations, such as the Leal Local Flood Authority or Internal Drainage Boards may have records.

There are no formal flood defences protecting this site. The natural channel which is not maintained by us, provides a nominal protection against a flood event with a 5% chance of occurring in any year (1 in 20). We inspect the channel regularly to ensure that any

potential defects are identified early.

The River Colne has been modelled and these modelled levels are available if required. If you wish to request this information please email neyorkshire@environment-agency.gov.uk

Should you have any questions, please contact me on the details below.

Yours sincerely
