Date: 24-Aug-2017
Our Ref: 2017/92429

Dear Sir/Madam

Request for confirmation of compliance with a condition or conditions
Town and Country Planning Act 1990
Planning (Listed Buildings and Conservation Areas) Act 1990
Application: 2017/92429
For: Compliance of conditions on previous permission no. 2006/95034 for modified proposal for erection of residential development of 278 dwelling units (substitution of house types) and revised layout, conversion and extension of office block to 37 no. 1-2 bed apartments (within a conservation area)
At: 5 and 7 Wheathouse Road, Birkby, Huddersfield, HD2 2UN

I write with reference to your request for written confirmation of compliance with a condition or conditions for the above development.

10. No material operation as defined in Section 56*(4) (a)* -(d) of the Town & Country Planning Act 1990 shall be carried out to commence the development pursuant to this planning permission until arrangements for the provision of affordable housing within the development in accordance with the requirements of Policy H10 of the Council's Unitary Development Plan and the Council's Supplementary Planning Guidance (The Provision of Affordable Housing in New Housing Developments) have been submitted to and agreed in writing by the Local Planning Authority. The arrangements shall cover the following matters:-

a) the number and type of affordable housing units to be provided.
b) the layout and disposition of the units affordable housing to be provided.
c) the timescale for the implementation and completion of the affordable housing units;
d) the mechanism for ensuring that the affordable housing units remain affordable for both the initial and subsequent occupiers.

This condition stipulated no development shall be carried out on site prior to the provision of an Affordable Housing arrangement being submitted and approved of by the Local Planning Authority. I can confirm that condition 10 is complied with, as the Council has record of a Affordable Housing provision for the site, via a Section 106 agreement, between Cala Management Limited, Cala Land Investments Limited and The Council of the Borough of Kirklees, approved and dated on the 31st of October 2006 for application 2005/95145, varied by Deed through application 2006/95034, approved on the 8th of October 2007.

11. Development shall not commence until a Phase II Intrusive Site Investigation Report has been submitted to and approved in writing by the Local Planning Authority.

This condition relates to contamination on site, and potential remediation. Following consultation with the council's Environmental Health department I can confirm that records are held of a validation report that includes plots 307-314; now known as Flat 11 and Flats 15-27, Macaulay Road. It was deemed by the Environmental Health Officer that the content of the report satisfied the conditions in question.

In investigating further, it was found that the Environmental Health Officer confirmed, if no.5 and no.7 Wheathouse Road are located on plots 318 – 319 'then they can be deemed appropriate to comply with the conditions attached to the applications.

12. Where site remediation is recommended in the Phase II Intrusive Site Investigation Report approved pursuant to condition 11 development shall not commence until a Remediation Strategy has been submitted to and approved in writing by the Local Planning Authority. The Remediation Strategy shall include a timetable for the implementation and completion of the approved remediation measures.

This condition relates to contamination on site, and potential remediation. Following consultation with the council's Environmental Health department I can confirm that records are held of a validation report that includes plots 307-314; now known as Flat 11 and Flats 15-27, Macaulay Road. It was deemed by the Environmental Health Officer that the content of the report satisfied the conditions in question.

In investigating further, it was found that the Environmental Health Officer confirmed, if no.5 and no.7 Wheathouse Road are located on plots 318 – 319 'then they can be deemed appropriate to comply with the conditions attached to the applications.

13. Remediation of the site shall be carried out and completed in accordance with the Remediation Strategy approved pursuant to condition 12. In the event that remediation is unable to proceed in accordance with the approved Remediation Strategy or contamination not previously considered [in either the Preliminary Risk Assessment or the Phase II Intrusive Site Investigation Report] is identified or encountered on site, all works on site (save for site investigation works) shall cease immediately and the Local Planning Authority shall be notified in writing within 2 working days. Unless otherwise agreed in writing with the Local Planning Authority, works shall not recommence until proposed revisions to the Remediation Strategy have been submitted to and approved in writing by the Local Planning Authority. Remediation of the site shall thereafter be carried out in accordance with the approved revised Remediation Strategy.

This condition relates to contamination on site, and potential remediation. Following consultation with the council's Environmental Health department I can confirm that records are held of a validation report that includes plots 307-314; now known as Flat 11 and Flats 15-27, Macaulay Road. It was deemed by the Environmental Health Officer that the content of the report satisfied the conditions in question.

In investigating further, it was found that the Environmental Health Officer confirmed, if no.5 and no.7 Wheathouse Road are located on plots 318 – 319 'then they can be deemed appropriate to comply with the conditions attached to the applications.

14. Following completion of any measures identified in the approved Remediation Strategy or any approved revised Remediation Strategy a Validation Report shall be submitted to the Local Planning Authority. Unless otherwise agreed in writing with the Local Planning Authority, no part of the site shall be brought into use until such time as the remediation measures for the whole site have been completed in accordance with the approved Remediation Strategy or the approved revised Remediation Strategy and a Validation Report in respect of those remediation measures has been approved in writing by the Local Planning Authority.

This condition relates to contamination on site, and potential remediation. Following consultation with the council's Environmental Health department I can confirm that records are held of a validation report that includes plots 307-314; now known as Flat 11 and Flats 15-27, Macaulay Road. It was deemed by the Environmental Health Officer that the content of the report satisfied the conditions in question.

In investigating further, it was found that the Environmental Health Officer confirmed, if no.5 and no.7 Wheathouse Road are located on plots 318 – 319 'then they can be deemed appropriate to comply with the conditions attached to the applications.

15. In the event that contamination not previously identified by the developer prior to the grant of this planning permission is encountered during the development, all works on site (save for site investigation works) shall cease immediately and the Local Planning Authority shall be notified in writing within 2 working days. Unless otherwise agreed in writing with the Local Planning Authority, works on site shall not recommence until either *(a)* a Remediation Strategy has been submitted to and approved in writing by the Local Planning Authority or *(b)* the Local Planning Authority has confirmed in writing that remediation measures are not required. The Remediation Strategy shall include a timetable for the implementation and completion of the approved remediation measures. Thereafter remediation of the site shall be carried out and completed in accordance with the approved Remediation Strategy.

Following completion of any measures identified in the approved Remediation Strategy a Validation Report shall be submitted to the Local Planning Authority. Unless otherwise agreed in writing with the Local Planning Authority, no part of the site shall be brought into use until such time as the whole site has been remediated in accordance with the approved Remediation Strategy and a Validation Report in respect of those works has been approved in writing by the Local Planning Authority.

This condition relates to contamination on site, and potential remediation. Following consultation with the council's Environmental Health department I can confirm that records are held of a validation report that includes plots 307-314; now known as Flat 11 and Flats 15-27, Macaulay Road. It was deemed by the Environmental Health Officer that the content of the report satisfied the conditions in question.

In investigating further, it was found that the Environmental Health Officer confirmed, if no.5 and no.7 Wheathouse Road are located on plots 318 – 319 'then they can be deemed appropriate to comply with the conditions attached to the applications.
