Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
Upper Hopton is current conservation area and it does worry me that there are plans to build new buildings on this site. The proposed location of outbuildings will look directly into our property and predominantly my sons bedroom, given that a proposed new build of houses was not permitted previously due to this and the stress it causes due to property being overlooked, there is also significant noise from the hot tub building on the land which potentially will be exacerbated by the proposal. The trees that have become overgrown have now been cut to a reasonable level which was previously causing my wife severe anxiety due to the lack of light. We now realise these were cut to enable the project to land
