I wish to object to the planning application to extend the present 2 bed bungalow to a 4 bedroom house - the application is to double the size of the house by extending lengthways and sideways which is in contrast to The character of the bungalows on the Avenue. I am concerned with the parking arrangements for a proposed 4 bed house as the road is narrow and if cars are parked directly outside the house opposite my drive this prevents me from parking on my drive. The plans to extend the bungalow will mean that the house will directly be opposite my lounge window affecting my privacy The plans are for 3 out of the 4 bedrooms to be en suite which causes me concern for the potential number of tenants allowed to reside in the property potentially increasing the congestion around that area with parking The plans are for the garden to be reduced and it also looks Like the existing garage will need to be removed I ask that the plans are reconsidered for an extension to be in keeping with the character of the area taking into account the limited parking spaces
