Subject: Objection against planning application

CAUTION: External email. Do not click links or open attachments unless you recognize the sender and know the content is safe.

To whom it may concern,

I am writing to place my objection towards the proposed planning application for 45 Manor Park, Mirfield, WF14 0EW, to become a class C3 residential care home.

The reason for which I, and my family, are opposed to this application is because this would create additional parking issues in an already quite populated area, especially around the entrance to the road where this property is situated. In addition, the proposed usage of this residential property would negatively impact on the value of the properties which it surrounds, one of which is my home.

Finally, the average age of residents who live on Manor Park is high as there are a significant number of elderly people, thus I feel it would be detrimental for young people/children with SEMH needs to attempt to integrate into a community of this age.

I would kindly like a response from you to acknowledge receipt of my email and objection, and I would appreciate also being kept informed about the progress of this case.

Kind regards,

52 Manor Park, Mirfield, WF14 0EP
