Dear Sirs

On arriving back from my holidays, we understand that plans have been submitted for change of dwelling at the above address.

Please make a note of our objections as we think will cause unnecessary risk to residents as parking will be an issue. The corner of Manor Park where this dwelling is, is already unsafe as on numerous occasions, Emergency Vehicles would struggle to get through.

The proposal states that property has a garage with four off street parking spaces. This is not true, you would be lucky to get two cars in that space so therefore our worry about the Emergency Vehicles stands as the road would be used for parking. As it would be unsafe due to the position of the property, this would impact the existing residents.

We are also concerned about the noise which will impact our lives and also any anti-social behaviour with the children at the residence but also any friends/associates this would attract.

Yours faithfully
