

Tolerance and Respect

Tolerance and Respect is designed to promote inclusion and respect with infant and primary school children in a number of creative and interactive workshops.

In each workshop, participants are encouraged to take part in activities and exercises that will help them to explore diversity and develop personal and social skills. Sessions are centred on celebrating diversity, fundamental British Values, healthy friendships, respect making informed decisions and understanding the importance of acceptance and cohesion.

“All staff In Years 1 and 2 without exception valued the workshops highly.

They were very impressed with the delivery of all the facilitators”

“All age appropriate, active and informative.

They all catered for different learning styles (VAK) and could be differentiated.

Lots of opportunities for children to discuss their own ideas, views and feelings”
