I find it incredible that the Castle Hill saga continues, and this iconic site remains under threat from this wholly unsuitable proposed development. This very special place is at risk of permanent harm, and for what? Yet another commercial development for the leisure industry, not exactly a high priority when so many similar premises around the town are struggling. There are so many reasons why this application should be rejected, already expressed by many local people, and I hope that the council will pay some heed to local opinion. This application should be refused.
