This should be now my 4th or 5th representation of objection material.

This is based on "Environment Culture and Heritage"

please find the pdf representation here, my evidence ad opinion.

I still affirm and uphold my previous representation's for interest in future ownership of the site witho
any building or development. So i hope it is correctly submitted

I will try to find a lawyer to check it before the closing date of the time to object period ends. Thank You and I hope that there are also some strong objections from other people as well. And i hope you find the representation interesting.

Thanks.
