This development must not be allowed to go ahead on the grounds that it will completely gridlock the traffic around the area as nowhere in the plans are provisions for new roads. Recent developments, passed by Kirklees on Owl Lane, are causing utter chaos at all times of the day. This will increase pollution and cause health issues for people of all ages. Furthermore, the said area is currently greenbelt and provides a clear barrier between the differing populated areas. In addition to this the fields and woodland are hundreds of years old and provide a natural, undisturbed, natural habitat for may differing animals and once destroyed this can never be returned. Stop this development once and for all as it is not wanted and not needed. Its pure greed on behalf of the Church, the developers and Kirklees.
