RE: Application 2025/92459

To whom it may concern,

I write to you to contest the submitted plans and proposed change of use to the above application.

My concerns are in relation to several factors, predominantly noise, air pollution, and safety.

I can see from the plans that the new proposal suggests a capacity of 15 cars, 7 days a week. This is the immediate area to my home, and I have concerns to the impact this will have on the air and noise around me.

I put to you that a hand car wash is needed in this area, and the area is not fit for purpose as proposed in the documents submitted. Should this go ahead, there will be impacts to the local area and local community which far outweigh any suggested benefit of introducing this to the area.

If you wish to discuss my views and why I wish to contest the application and proposal, please do not hesitate to contact me.

Many thanks,
