Consultation Response from Trees Planning, KC Trees		
2019/90190 adj, 1, Lowgate, Kirkburton, Huddersfield, HD8 0SE		
Erection of 3 dwellings (within a Conservation Area)		
Date Responded: 11/02/19	**Responding Officer: Nick Goddard**	**Responding Ref: CA22**

There is some history regarding trees on this site. In brief; until recently this area of land did provide considerable tree cover; following two CA notifications the trees were removed due to their poor condition preventing the serving of a Tree Preservation Order.

The proposals retain what tree cover is left however no tree planting is proposed, nor does there appear to be much room on this layout for tree planting given the small areas of residential amenity space and steep banking and wall to the rear.

I would like to see some tree planting on this scheme given the amount of tree removals that have been undertaken recently.
