

Appendix B: Primary Planning Areas¹

There are 23 primary planning areas

| | |
|--|------------|
| Planning Area 1: Batley | 56 |
| Planning Area 2: Batley & Birstall | 63 |
| Planning Area 3: Batley East | 70 |
| Planning Area 4: Birkenshaw & Gomersal | 77 |
| Planning Area 5: Cleckheaton | 84 |
| Planning Area 6: Colne Valley | 91 |
| Planning Area 7: Dewsbury East | 98 |
| Planning Area 8: Dewsbury South | 105 |
| Planning Area 9: Dewsbury West | 112 |
| Planning Area 10: Golcar | 119 |
| Planning Area 11: Heckmondwike | 126 |
| Planning Area 12: Holme Valley | 133 |
| Planning Area 13: Honley & Meltham | 110 |
| Planning Area 14: Huddersfield North | 147 |
| Planning Area 15: Huddersfield North West | 154 |
| Planning Area 16: Huddersfield South East | 161 |
| Planning Area 17: Huddersfield South West | 168 |
| Planning Area 18: Kirkheaton, Lepton & Grange Moor | 175 |
| Planning Area 19: Liversedge | 182 |
| Planning Area 20: Mirfield | 189 |
| Planning Area 21: Newsome | 196 |
| Planning Area 22: Shelley | 203 |
| Planning Area 23: Skelmanthorpe & Denby Dale | 210 |
| Primary School Index: School name and planning area | 217 |

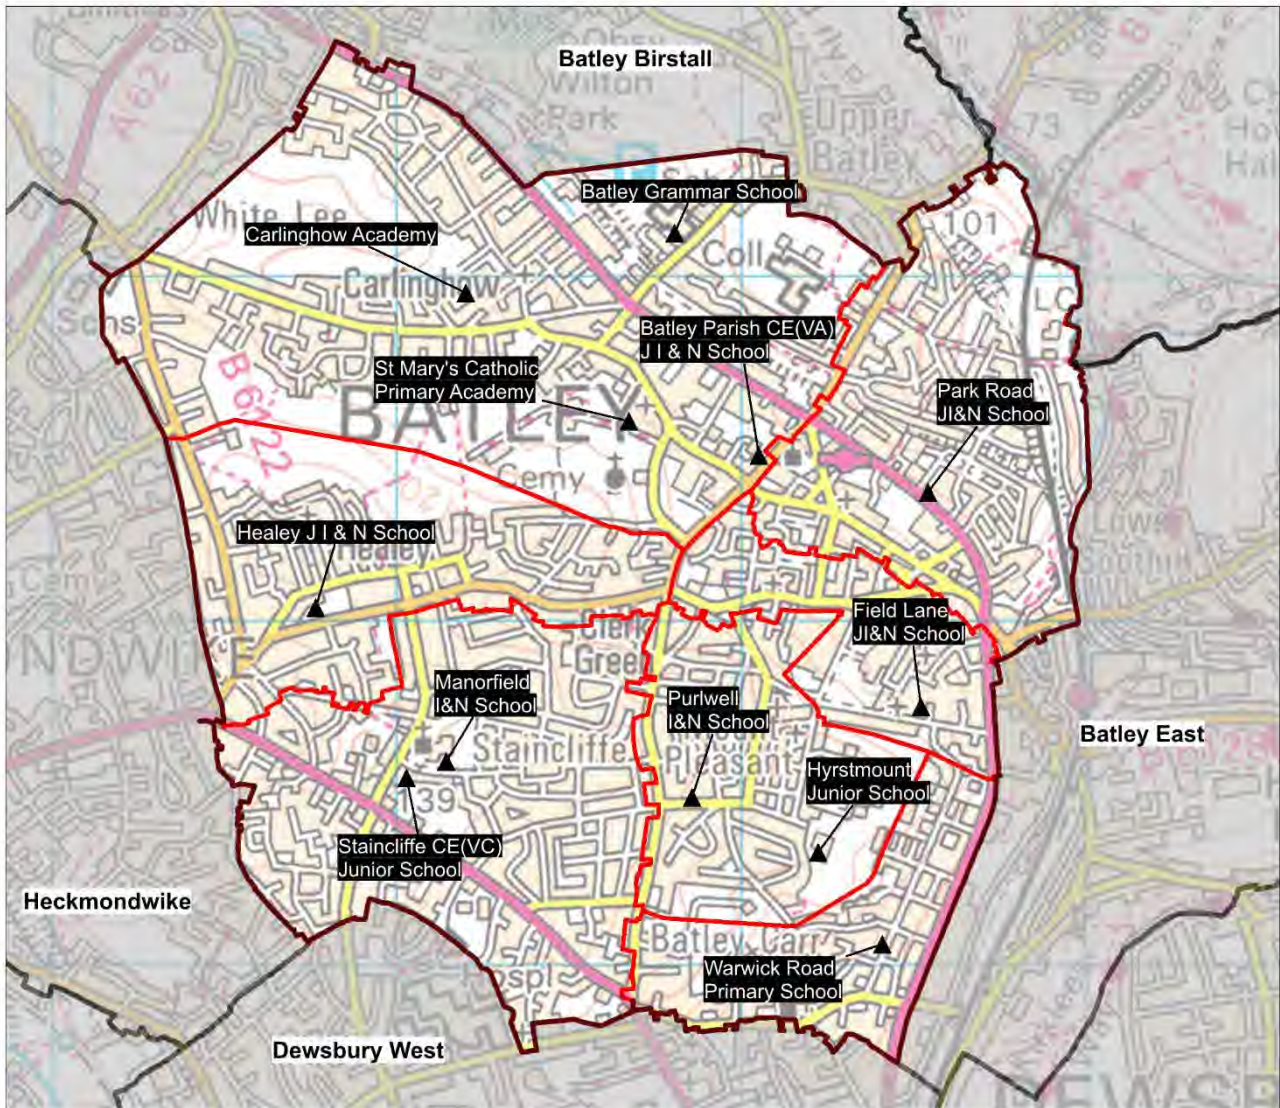

Each planning area section has:

- A **list** of all the primary phase schools in the area
- A **map** showing all the primary phase schools in the area
- An **overview** of the place planning context² and priorities for the area
- A **chart** showing the changes in the primary pupil population living in the planning area and in the neighbouring planning areas which share a boundary with the planning area (from GP registration data Oct 2022). The chart also shows the available number of Reception class places available at the schools in each planning area (using the 2024/25 PAN)
The chart names the neighbouring primary planning areas, data for which can be found as listed above.
- **4 tables** showing:
 - A. the PAN (published admission number) for each school and the pupil numbers at the school at the Jan 2023 school census
 - B. the number of children and young people living in the planning area (from NHS GP registration data Oct 2022)
 - C. Where in Kirklees do children living in the planning area go to school? (Jan 2023 school census)
 - D. Where do children attending schools in the area live? (Jan 2023 school census)

¹ School names in this document are correct at time of publication but may be subject to change as a result of structural changes e.g. Academy conversions or schools coming together through reorganisation proposals.

² Development sites for housing that feature in the commentary take into account sites of 25 dwellings or more.

- ❖ Healey J I & N School
- ❖ Hyrstmount Junior School
- ❖ Manorfield I & N School
- ❖ Park Road J I & N School
- ❖ Purlwell I & N School
- ❖ St Mary's Catholic Primary Academy
- ❖ Staincliffe CE(VC) Junior School
- ❖ Warwick Road Primary School

Overview: The chart on page 58 (and Table B on page 59) shows that the demand for Reception places from children resident in this planning area is expected to be broadly static overall, with fluctuations.

It is recognised there are currently surplus places in this planning area, however, a PAN reduction has been determined for Manorfield I & N School from 2024/25. The PAN will reduce from 90 to 60, which will reduce this surplus to some extent.

In 2022/23 there were unfilled places at national offer day across most of the schools.

In 2023/24 there were unfilled places at national offer day across seven of the ten schools that admit Reception age children. The pattern of pupil distribution illustrates that the majority of children (73%) living in the planning area attend schools in the area, with a number of pupils (22%) attending schools here from neighbouring planning areas. More children travel into this planning area than go out.

For 2024, 2025 and 2026 population data indicate a broadly static population, albeit with a significant single year dip in 2025. Engagement with the local school system is required about the level of surplus places in this planning area and opportunities that may exist.

| Table B: Reception places in the planning area | |
|--|---|
| Place planning data for three cohorts of children: Reception, Y1 and Y2 From NHS for 2022 and School Census for 2023 Note numbers in (square brackets) show the average number of children per year group | |
| 1318 (438) children live in this PA (NHS) <ul style="list-style-type: none"> • 958 (318) go to schools in this PA • 181 (64) go to schools in other (neighbouring) PAs • 5 (2) go to schools in non-mainstream provisions • 71 (4) go to voluntary or other LEAs • 150 (50) are untravellers | 1237 (412) children go to school in this PA (Census) <ul style="list-style-type: none"> • 958 (318) live in this PA • 273 (91) live in other PAs • 7 (3) live in the UK but not in the PA |
| Average number of places used per year group Number of reception places available Trend in number of children living in this PA per year group | 412 465 Broadly static with fluctuations |
| Place planning strategy, assuming current patterns of migration, housing, education, parental preferences etc: <ul style="list-style-type: none"> → Reception places in the planning area are broadly static with fluctuations → Children from other PAs attend schools in the PA from neighbouring PAs that travel → Engagement with the local school system is required about the level of surplus places in this planning area and opportunities that may exist | |

Overview: The chart on page 65 (and Table B on page 66) shows the demand for Reception places from children resident in this planning area is expected to decline slightly, albeit with some fluctuations.

In 2022/23 there were a number of unfilled places at national offer day across all schools.

In 2023/24 there were a number of unfilled places at national offer day at two of the five schools. The pattern of pupil distribution illustrates that the majority of children (82%) living in the planning area attend schools in the area, with a number of pupils (22%) attending schools here from neighbouring planning areas. More children travel into this planning area than go out.

For 2024, 2025 and 2026 population data indicate a slightly declining trend towards 2025. Population recovers somewhat in 2026, but not above previous levels. Overall, the population is expected to decline slightly. There is no need for additional places.

Chart showing pupil population trends and available school places

**population trends in neighbouring planning areas
Reception 2019 to Reception 2026 (NHS)**

The chart above shows the size of each year group in the child population in the planning area and the neighbouring planning areas for Reception cohorts Sep 2019 to Sep 2026. The dotted line shows the underlying trend in the size of the pupil population for each area.

The bar chart shows the number of Reception class places available in each planning area, based on the Published Admission Numbers (PANs) of the schools in the area. The yellow shading highlights the data for Reception classes in September 2024.

- ❖ Lydgate J & I School
- ❖ Mill Lane Primary School

Overview: The chart on page 72 (and Table B on page 73) shows the demand for Reception places from children resident in this planning area is expected to increase.

In 2022/23 there were unfilled places at both schools in this planning area.

In 2023/24 there were unfilled places at both schools at national offer day. The pattern of pupil distribution illustrates that 55% of the children living in the planning area attend schools in the area, with a number of pupils (24%) attending schools here from neighbouring planning areas, whilst others are securing places in the neighbouring planning area of Batley as well as a small number in schools in other local authorities.

For 2024, 2025 and 2026 population data show demand for places from those living in the planning area will increase slightly compared to previous years. It is recognised there are surplus places in this planning area, but this must be seen in the context of the population increase and the potential impact of housing development. There is a large development providing 319 dwellings where building has commenced, although it isn't expected to be completed for around seven years. There is also a nearby proposed strategic housing development site in the Local Plan. It is important that the impact of these development sites on school places remains under constant review. At this time, no reduction in, or addition to, the number of places is required.

| Table B: Reception places in the planning area - 2022/23 | |
|---|--|

- ❖ East Bierley CE(VC) Primary School
- ❖ Gomersal Primary School
- ❖ Gomersal St Mary's CE(VC) Primary School

Overview: Overview: The chart on page 79 (and Table B on page 80) shows the demand for Reception places from children resident in this planning area is expected to remain broadly static, with fluctuations.

In 2022/23 there were unfilled places at three of the four schools.

In 2023/24 there were unfilled places at national offer day at two of the four schools. The pattern of pupil distribution illustrates that the majority (77%) of children living in this planning area attend schools in the area, whilst others are securing places in neighbouring planning areas, particularly Cleckheaton and Batley Birstall. There is a small number (11%) of pupils attending schools here from neighbouring planning areas. Whilst there were sufficient places available to meet basic need this planning area borders the neighbouring authority of Bradford and there is a trend of inward migration.

For 2024, 2025 and 2026 population data indicate a broadly static trend overall in the number of children living in this planning area, albeit with some fluctuations. There is a housing development site with planning permission for 127 dwellings where building has not yet commenced. There is no need for additional places.

Tables E(i) to E(iii) below show how Reception places were allocated in this planning area at each of the last three National Offer Days, compared to the number of Reception places available at each school and the number of applicants resident in each school's Priority Admission Area (PAA). Blanks in the tables indicate a school does not have a PAA.

Table E(i)

| 2023/24 | PAN | No of applicants living in PAA | No of places allocated | Vacancies | Waiting list |
|--|------------|--------------------------------|------------------------|-----------|--------------|
| Birkenshaw & Gomersal | | | | | |

- ❖ Hightown J I & N School
- ❖ Howard Park Community School
- ❖ Scholes Village Primary School
- ❖ Whitechapel Church of England Primary School

Overview: The chart on page 86 (and Table B on page 87) shows the demand for Reception places from children resident in this planning area is expected to decline albeit with fluctuations. This planning area borders the neighbouring authority of Bradford and there is a trend of inward migration.

In 2022/23 there were a number of unfilled places at two schools.

In 2023/24 there were a number of unfilled places at national offer day across two schools. There remains a localised pressure in Scholes village associated with previous housing development, but places have been available at other schools within a reasonable distance. The pattern of pupil distribution illustrates that the majority (74%) of children living in this planning area attend schools in the area, whilst others are securing places in neighbouring planning areas, particularly Birkenshaw & Gomersal and Liversedge, as well as a modest number from the neighbouring authority of Bradford. There is a small percentage (8%) of pupils attending schools here from neighbouring planning areas.

For 2024, 2025, and 2026 population data indicate that following a significant dip in 2024, population will recover somewhat in 2025 before declining again thereafter. This planning area borders Bradford and so monitoring of cross-LA pupil distribution and liaison with colleagues in neighbouring authorities will continue. There are two housing development sites - one where building work has commenced on 122 dwellings, which is expected to take around two years to complete, and on with approximately 300 dwellings where building has not yet commenced. There is no need for additional places.

| Place planning data for three cohorts of children: Reception, Y1 and Y2 | |

Overview: The chart on page 93 (and Table B on page 94) shows the demand for Reception places from children resident in this planning area is expected to decline overall. This planning area includes more rural parts of the authority, where several schools serve villages that are some distance apart.

In 2022/23 there were a number of unfilled places across almost all schools.

In 2023/24 there were a number of unfilled places at national offer day at half of the schools that admit Reception age children. The pattern of pupil distribution illustrates that the majority of children (78%) living in the planning area attend schools in the area, with a number of pupils (17%) attending schools here from neighbouring planning areas.

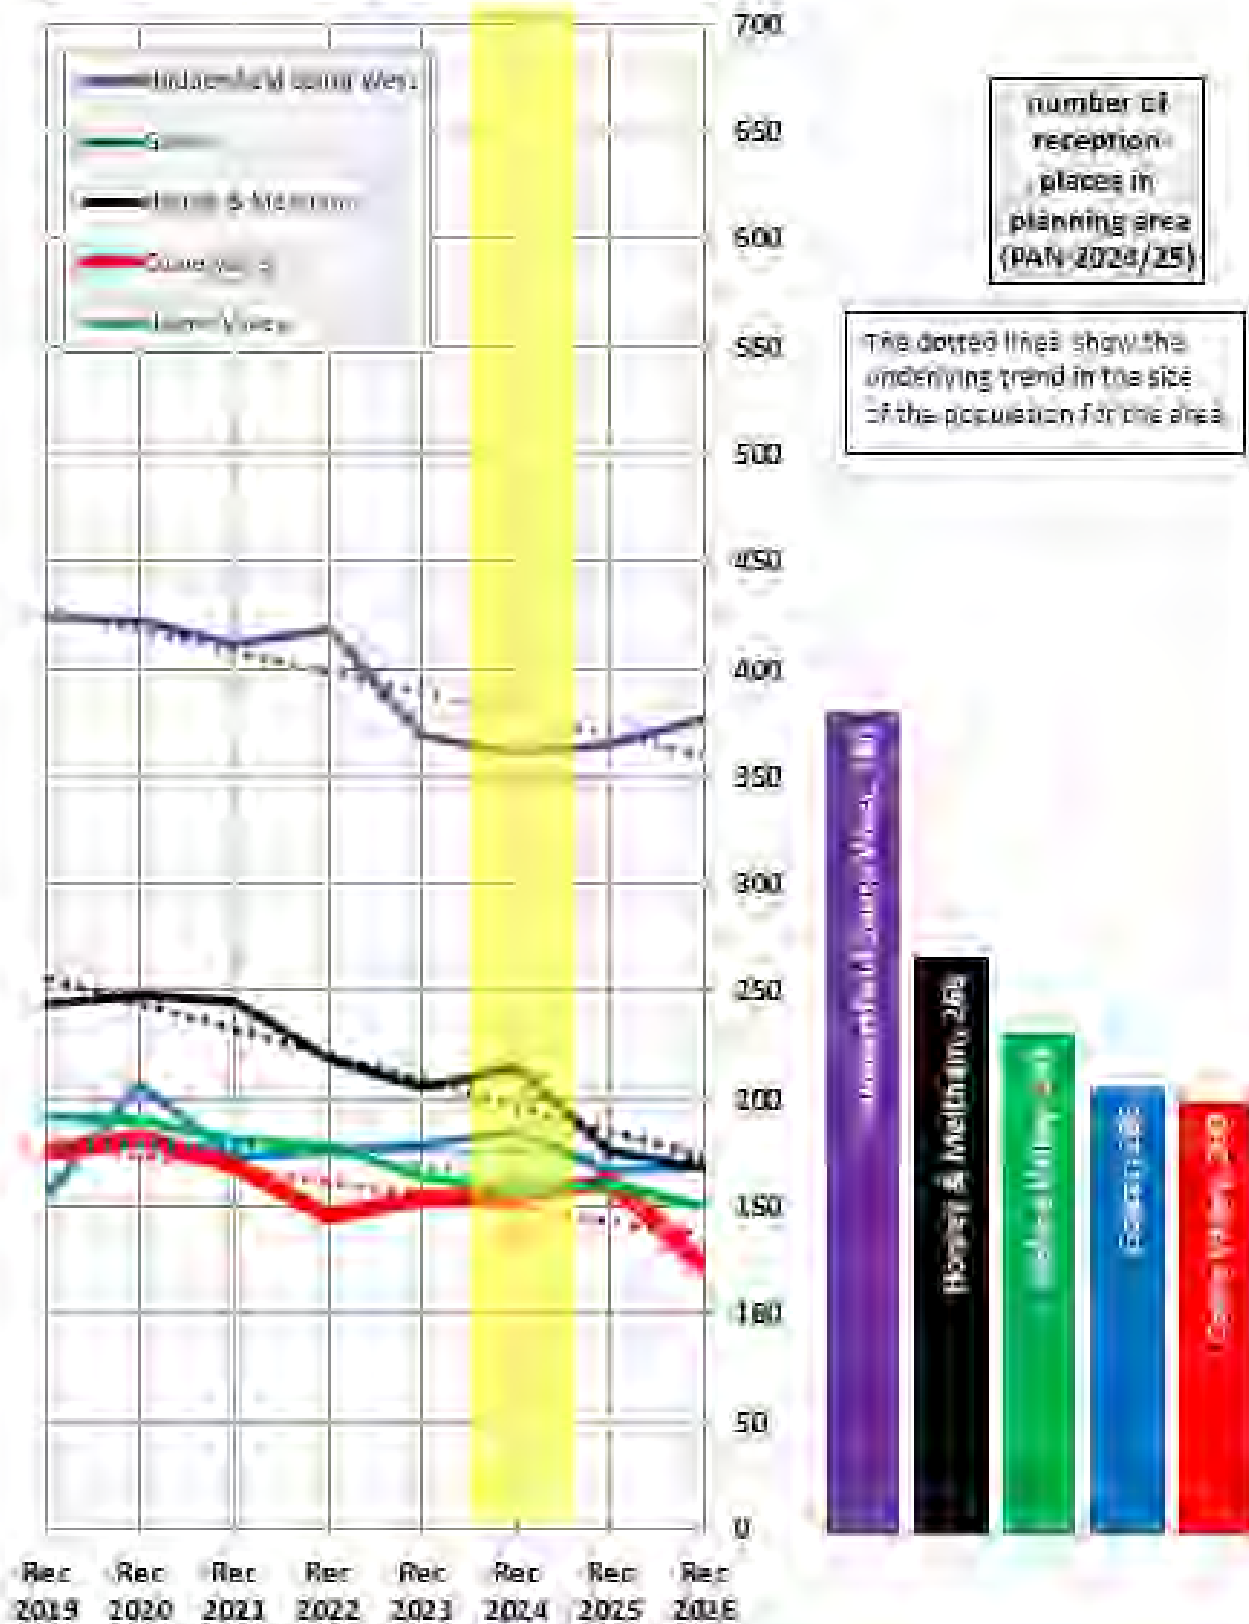

For 2024, 2025 and 2026 population data indicate a declining trend towards 2026 albeit with a small peak in 2025. There is a housing development site with planning permission for 125 dwellings where building has commenced and is expected to take around two years to complete. Engagement is required with the local school system about the level of surplus places in this planning area and opportunities that may exist.

- ❖ Shaw Cross I & N School

Overview: The chart on page 100 (and Table B on page 101) shows that the demand for Reception places from children resident in this planning area is expected to be broadly static, with some fluctuations. This planning area borders Wakefield and there is modest outward migration.

In 2022/23 there were unfilled places at one school.

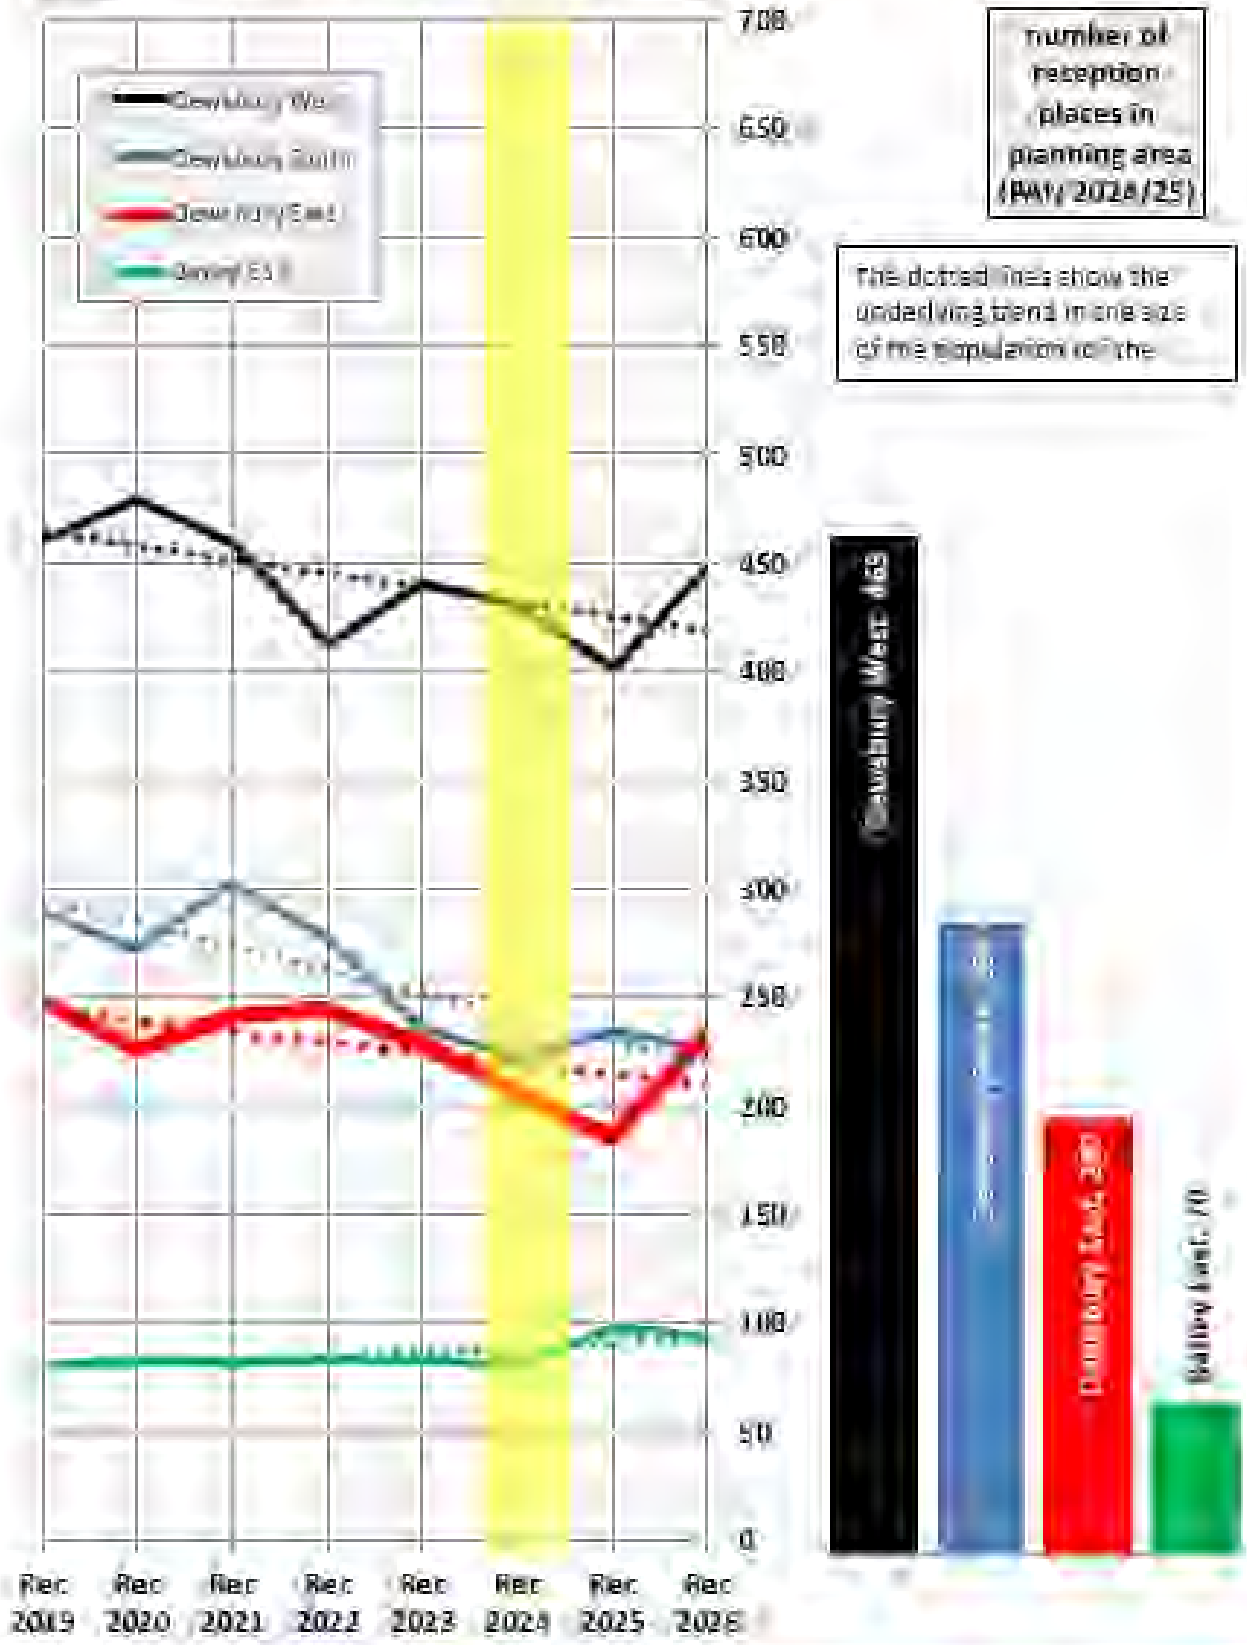

In 2023/24 there were a number of unfilled places at national offer day at two schools that admit Reception age children. The pattern of pupil distribution illustrates that the majority of children (72%) living in the planning area attend schools in the area, with a number of pupils (11%) attending schools here from neighbouring planning areas.

For 2024, 2025 and 2026 population data indicate the continuation of a declining trend towards 2025, before population recovers somewhat in 2026. There is one housing development site in this planning area where building has commenced on 280 dwellings and is expected to be complete in around five years. There is also a proposed strategic housing development site in the Local Plan in this planning area. Additional places are not required at this time, however, this will remain under constant review given continuing housing development. This planning area borders both Leeds and Wakefield and so monitoring of cross-LA pupil distribution and liaison with colleagues in neighbouring authorities will continue.

| Reception places in the planning area - 2022/23 | |
|---|--|
| Place planning data for three cohorts of children (Reception 2022 and 2023) From WHS Oct 2022 and School Census Jan 2023 Note numbers in (square brackets) show the average number of children per year group | |
| 716 (239) children live in this PA (WHS) <ul style="list-style-type: none"> • 614 (171) go to schools in this PA • 81 (30) go to schools in other Kirklees PAs • 4 (1) go to schools in non-mainstream provisions • 62 (21) go to schools in other LAs • 46 (16) are unknown | 534 (195) children go to school in this PA (Census) <ul style="list-style-type: none"> • 614 (171) live in this PA • 67 (21) live in other PAs • 7 (2) live outside Kirklees |
| Average number of places used per year group Number of reception places available Trend in number of children living in this PA per year group | <p>Broadly static with fluctuations</p> |
| Place planning strategy, based on the most effective use of existing and potential rental preferences such as: <ul style="list-style-type: none"> - School to school transfers - Out of area transfers - Home to school These potential transfers are not guaranteed places at this time, however, this will remain under constant review given continuing housing development | |

Overview: The chart on page 107 (and Table B on page 108) shows that the demand for Reception places from pupils living in this planning area is expected to be broadly static.

In 2022/23 there were a number of unfilled places at all schools.

In 2023/24 there were a number of unfilled places available at national offer day at all schools that admit Reception age children. This reflects the previously declining population and pattern of parental preference for schools in the neighbouring planning area of Mirfield and independent provision within the planning area. The pattern of pupil distribution illustrates that the majority of children (72%) living in the planning area attend schools in the area, with a number a small number of pupils (6%) attending schools here from neighbouring planning areas.

For 2024, 2025 and 2026 population data indicate the levelling out of a steadily declining trend to a broadly static trend. There is a currently a mismatch between KS1 (289) and KS2 (240) PANs. However, there is a proposed PAN reduction for an infant school in this planning area which, if agreed, would see the KS1 PAN decrease to 259 from 2025/26, thereby reducing the gap. It is recognised that there are surplus places in this planning area, but this must be seen in the context of the likely impact of a nearby proposed strategic housing development site in the Local Plan. It is important that the impact of the strategic development site on school places remains under constant review.

Chart showing pupil population trends and available school places

population trends in neighbouring planning areas
Reception 2019 to Reception 2026 (MRE)

The chart above shows the size of each year group in the child population in the planning area and the neighbouring planning areas for Reception cohorts Sep 2019 to Sep 2026. The dotted line shows the underlying trend in the size of the pupil population for each area.

The bar chart shows the number of Reception class places available in each planning area, based on the Published Admission Numbers (PANs) of the schools in the area. The yellow shading highlights the data for Reception classes in September 2024.

Planning Area 3- Dewsbury West

Chart showing pupil population trends and available school places

population trends in neighbouring planning areas
Reception 2019 to Reception 2026 (NHS)

The chart above shows the size of each year group in the child population in the planning area and the neighbouring planning areas for Reception cohorts Sep 2019 to Sep 2026. The dotted line shows the underlying trend in the size of the pupil population for each area.

The bar chart shows the number of Reception class places available in each planning area, based on the Published Admission Numbers (PANs) of the schools in the area. The yellow shading highlights the data for Reception classes in September 2024.

- ❖ Wellhouse J & I School
- ❖ Woodside Green, A SHARE Primary Academy

Overview: The chart on page 121 (and Table B on page 122) shows that the demand for Reception places from children resident in this planning area is expected to be decline slightly.

In October 2022, the Regional Schools Commissioner approved a proposal by SHARE Multi-Academy Trust to discontinue the provision of primary education at Lily Park, a SHARE Academy. Lily Park was part of Royds Hall, an all-through school with an age range of 4-16 years situated in the Huddersfield South West primary planning area. Following the RSC’s decision, all Royds Hall’s primary provision has been delivered from its Luck Lane site in the Huddersfield South West planning area.

Pupils who were on roll at Lily Park, a SHARE Academy were offered places at Luck Lane, a SHARE Academy. The former Priority Admission Area for Lily Park, a SHARE Academy became the Priority Admission Area for Luck Lane, a SHARE Academy with effect from 2023/24.

The closure of the Lily Park site has effectively removed 30 places per year group from this planning area. Despite this, Golcar remains one of the planning areas most affected by surplus places.

In 2022/23 there were a number of unfilled places at all but one school.

In 2023/24 there were a number of unfilled places at national offer day at two of the seven schools. The pattern of pupil distribution illustrates that over half of children (57%) living in the planning area attend schools in the area, with a number of pupils (38%) attending schools here from neighbouring planning areas.

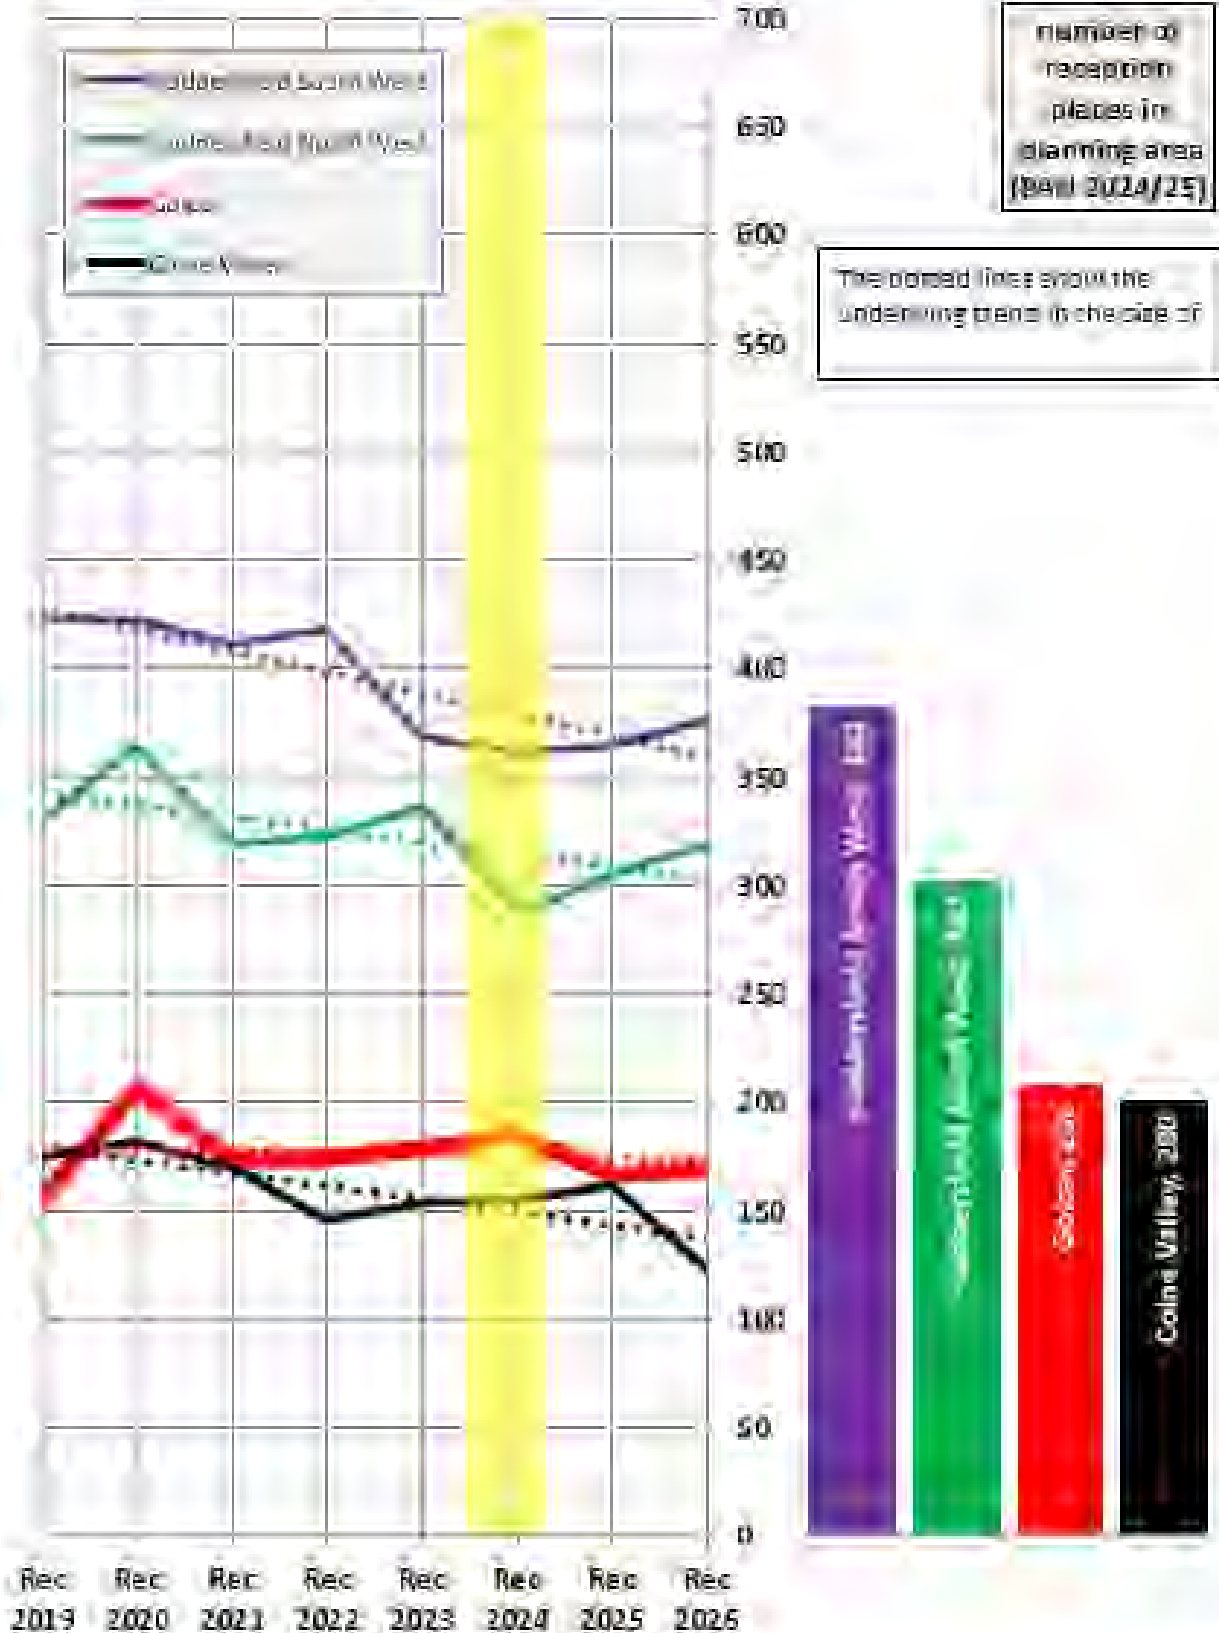

For 2024, 2025 and 2026 population data indicate a declining trend towards 2026. Despite the reduction in the number of places in this planning area due to the closure of the Lily Park site, engagement is required with the local school system about the level of surplus places that remain in this planning area and opportunities that may exist.

| Place planning summary for Planning Area 10. Golcar | |
|---|---|
| Place planning data for three cohorts of children: Reception, Y1 and Y2 <i>From NHS Oct 2022 and School Census Jan 2023</i> <i>Note numbers in [square brackets] show the average number of children per year group</i> | |

Tables E(i) to E(iii) below show how Reception places were allocated in this planning area at each of the last three National Offer Days, compared to the number of Reception places available at each school and the number of applicants resident in each school's Priority Admission Area (PAA). Blanks in the tables indicate a school does not have a PAA.

Table E(i)

- ❖ Heckmondwike Primary School
- ❖ Holy Spirit Catholic Primary Academy
- ❖ Millbridge, A SHARE Primary Academy
- ❖ Co-op Academy Smithies Moor

Overview: The chart on page 128 (and Table B on page 129) shows that the demand for Reception places from children resident in this planning area is expected to be broadly static.

In 2022/23 there were unfilled places at most of the schools.

In 2023/24 there were a number of unfilled places at national offer day across half of the schools. The pattern of pupil distribution illustrates that over half of children (52%) living in the planning area attend schools in the area, with a number of pupils (22%) attending schools here from neighbouring planning areas. There is established migration outside of this planning area reflected in the pattern of parental preference for schools in the neighbouring planning areas of Liversedge and Batley.

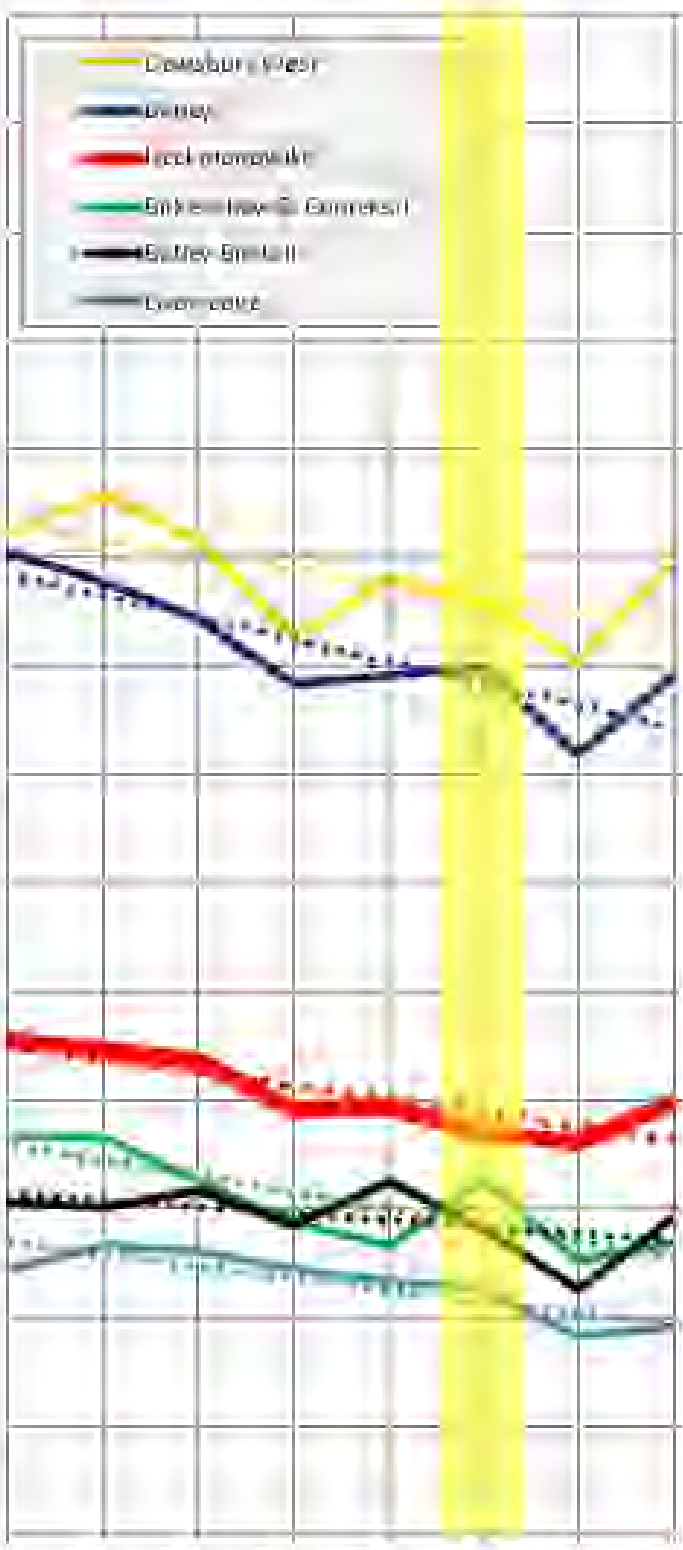

For 2024, 2025 and 2026 population data indicate a broadly static trend towards 2026. There is no need for additional places.

| Place planning data for three cohorts of children: Reception '21 and '22 | |
|--|---|
| Place planning data for three cohorts of children: Reception '21 and '22 From NHS (Oct 2022) and School Census (Jan 2023) Note: numbers in (Square brackets) show the average number of children per year group | |
| 670 [223] children live in this PA (NHS) <ul style="list-style-type: none"> • 351 (117) go to schools in this PA • 268 (89) go to schools in other Kirklees PAs • 8 (3) go to schools in non-mainstream provision • 7 (2) go to schools in other PAs • 48 (16) are unknown | 454 [151] children go to school in this PA (Census) <ul style="list-style-type: none"> • 151 (117) live in this PA • 100 (31) live in other PAs • 3 (1) live outside Kirklees |

Overview: The chart on page 135 (and Table B on page 136) shows that the demand for Reception places from children resident in this planning area is expected to continue to decline slightly. The schools in this planning area serve a semi-rural cluster of small settlements and include some rural schools.

In 2022/23 there were a number of unfilled places at most schools.

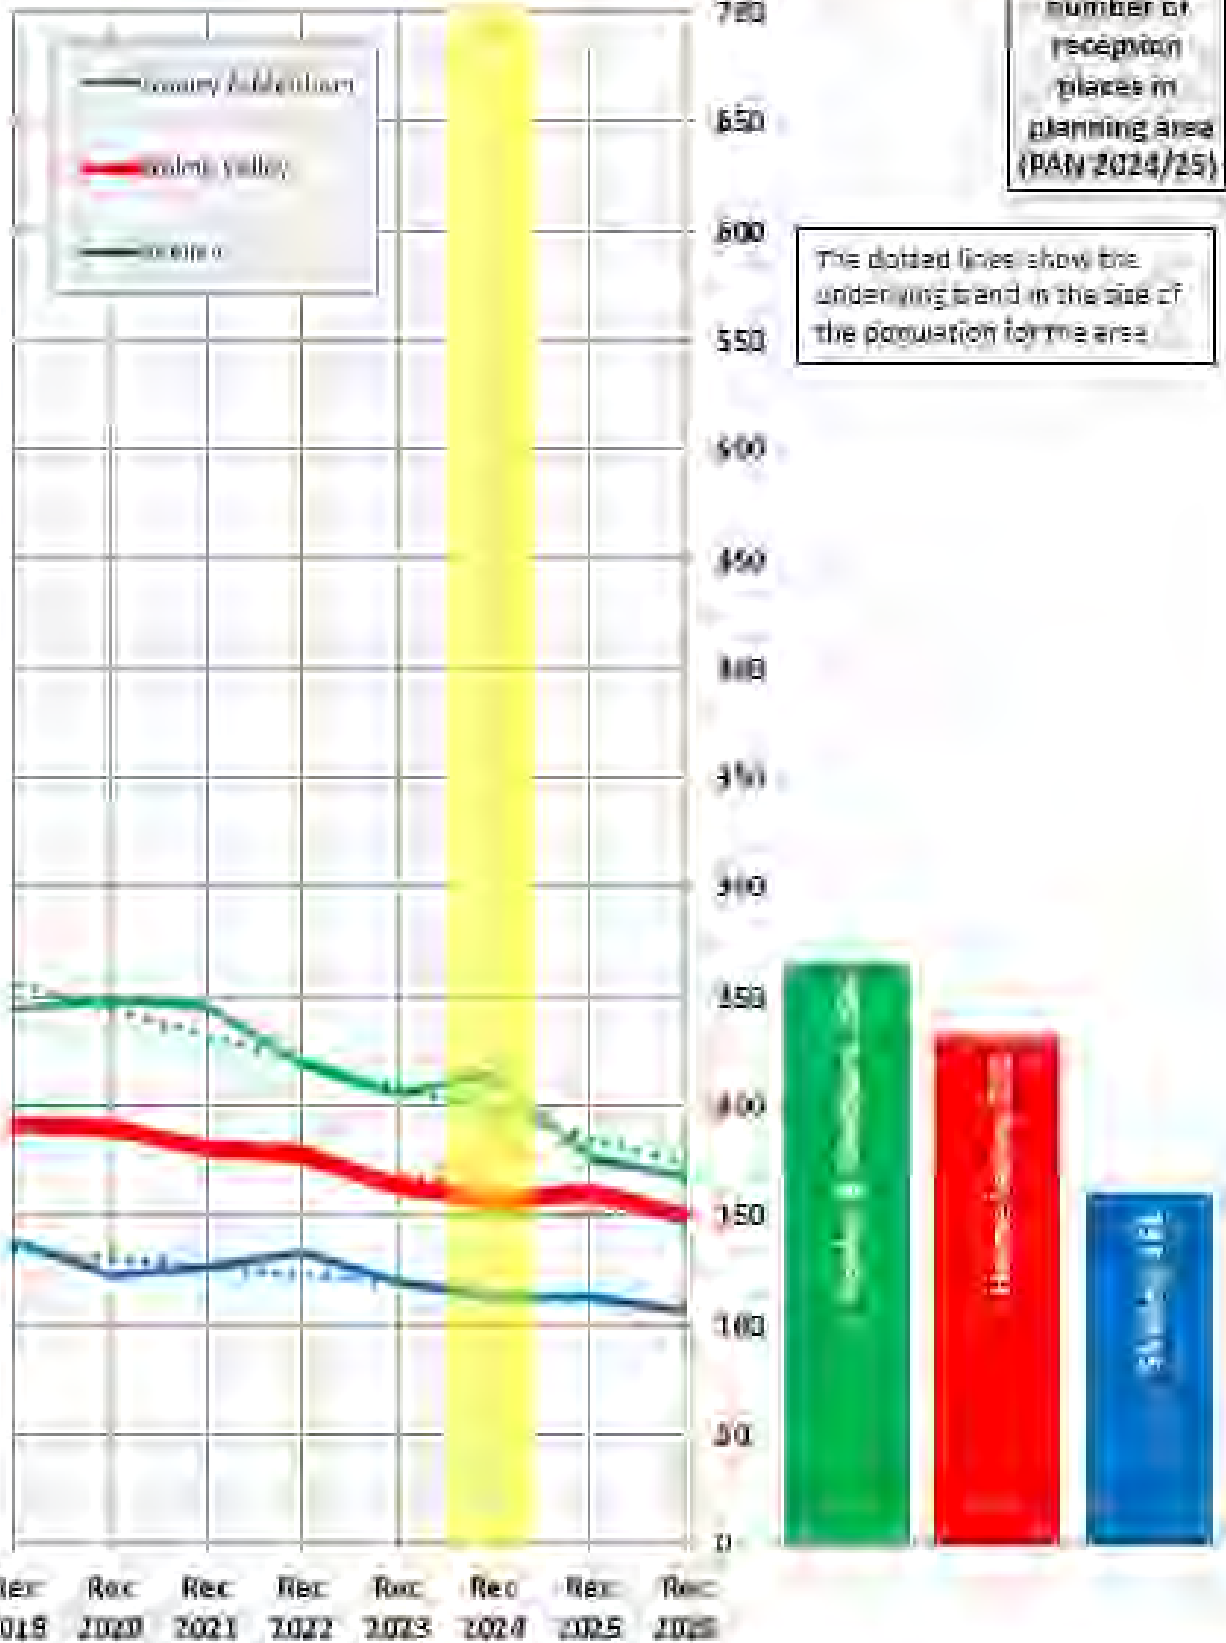

In 2023/24 there were a number of unfilled places at national offer day at most schools that admit Reception age children. The pattern of pupil distribution illustrates that majority of children (85%) living in the planning area attend schools in the area, with a small number of pupils (7%) attending schools here from neighbouring planning areas.

For 2024, 2025 and 2026 population data indicate a slightly declining trend towards 2026. There is a housing development site where building has already commenced on approximately 60 dwellings and is expected to complete this year with another with approximately 140 dwellings which is yet to commence. Continued engagement is required with the local school system about the level of surplus places in this planning area and opportunities that may exist.

Overview: The chart on page 142 (and Table B on page 143) shows that the demand for Reception places from children resident in this planning area is expected to show an overall decline albeit with fluctuations.

In 2022/23 there were a number of unfilled places at the majority of the schools.

In 2023/24 there were a number of unfilled places at national offer day at all but one of the schools that admit Reception age children. The pattern of pupil distribution illustrates that the majority of children (85%) living in the planning area attend schools in the area, with a number of pupils (16%) attending schools here from neighbouring planning areas.

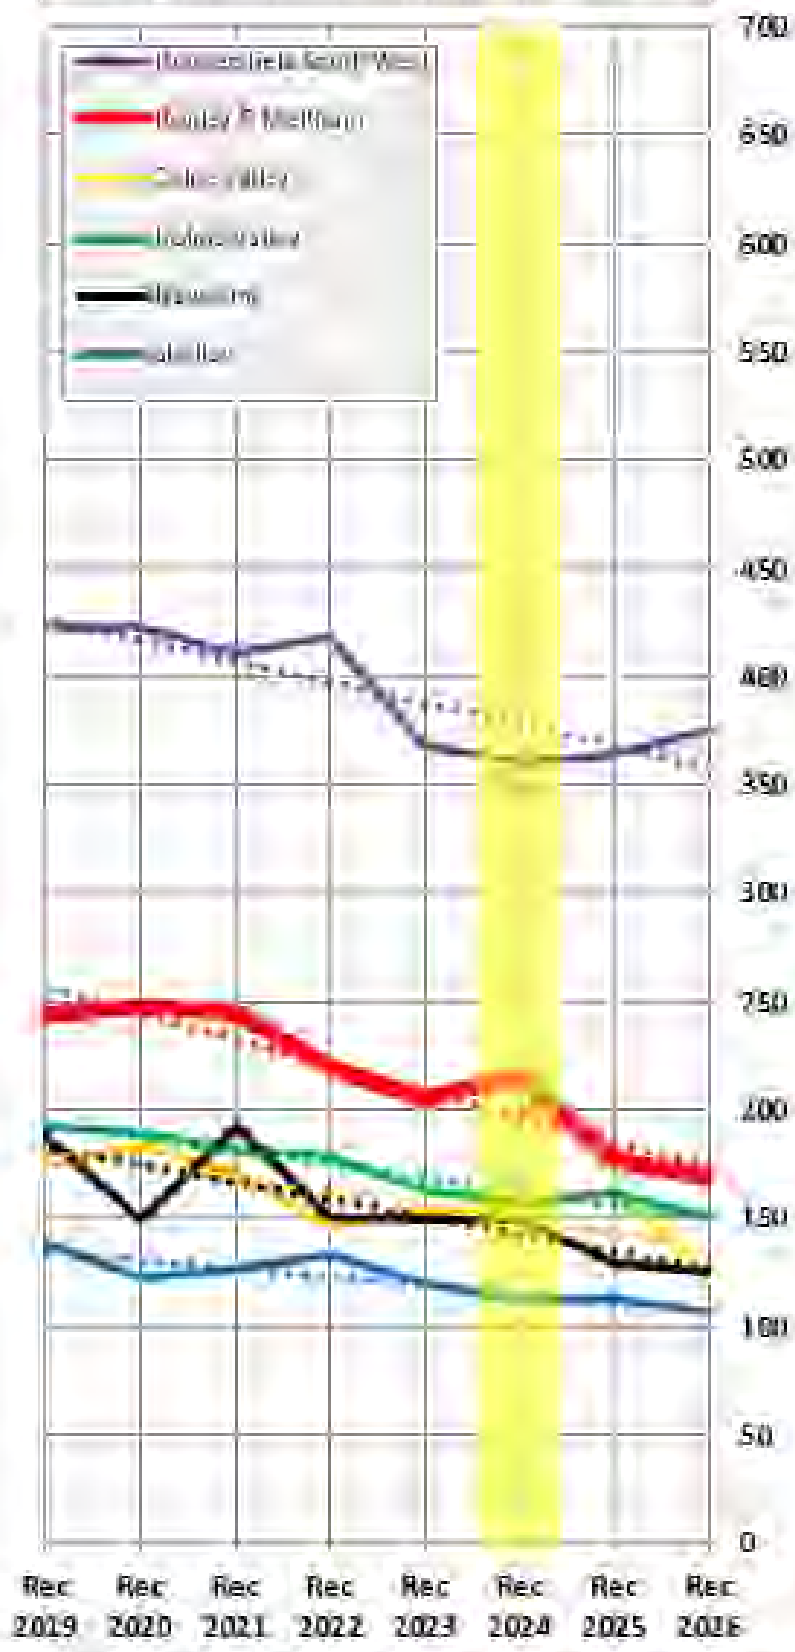

For 2024, 2025 and 2026 population data indicate a continuation of a declining trend overall. There are two development sites, totalling approximately 350 dwellings, where house building has commenced and is expected to be completed in 2026. Demand is not expected to exceed available places. There is no need for additional places.

Tables E(i) to E(iii) below show how Reception places were allocated in this planning area at each of the last three National Offer Days, compared to the number of Reception places available at each school and the number of applicants resident in each school's Priority Admission Area (PAA). Blanks in the tables indicate a school does not have a PAA.

Table E(i)

| 2023/24 | PAN | No of applicants living in PAA | No of places allocated | Vacancies | Waiting list |
|--|------------|--------------------------------|------------------------|-----------|--------------|
| Honley and Meltham | | | | | |

Overview: The chart on page 149 (and Table B on page 150) shows the demand for Reception places from children resident in this planning area is expected to decline with some fluctuations.

A PAN reduction has been determined for Birkby I & N School from 2024/25. The PAN will reduce from 150 to 120.

In 2022/23 there were a number of unfilled places at most schools.

In 2023/24 there were unfilled places at national offer day across over half of the schools that admit Reception age children. The pattern of pupil distribution illustrates that the majority of children (70%) living in the planning area attend schools in the area, with a number of pupils (13%) attending schools here from neighbouring planning areas. Parental preference continues to be a factor in the migration to neighbouring planning areas and schools in Calderdale LA which borders this planning area, however, this may change over time.

For 2024, 2025 and 2026 population data indicate a continued declining trend overall. There are three housing development sites with planning permission. Two sites, providing approximately 320 dwellings in total, have commenced and are expected to be completed in around two years. The third, providing 252 dwellings, has also commenced but isn't expected to be completed for around three years. Where demand may exceed capacity in the neighbouring Huddersfield North West planning area, capacity remains available in schools in this planning area that can meet this need, with a re-balancing of demand and parental preference over time. There is also a proposed strategic housing development site in the Local Plan, the impact of this site on school places remains under constant review. There is no need for additional places at this time.

| Place planning summary for Planning Area 14. Huddersfield North | |
|---|--|
| Place planning data for three cohorts of children: Reception, Y1 and Y2 <i>From NHS Oct 2022 and School Census Jan 2023</i> <i>Note numbers in [square brackets] show the average number of children per year group</i> | |
| 1701 [567] children live in this PA (NHS) <ul style="list-style-type: none"> 1192 [397] go to schools in this PA 165 [55] go to schools in other Kirklees PAs 5 [2] go to schools in non-mainstream provisions 101 [34] go to schools in other LAs 238 [79] are unknown | 1392 [464] children go to school in this PA (Census) <ul style="list-style-type: none"> 1192 [397] Live in this PA 186 [62] Live in other PAs 14 [5] Live outside Kirklees |
| Average number of places used per year group Number of reception places available Trend in number of children living in this PA per year group | 464 465  Decline with fluctuations |
| Place planning strategy (assuming current patterns of migration, housing occupancy, parental preference etc) <ul style="list-style-type: none"> Based on population data the projected need for places is below the capacity of available places On balance, slightly more children travel IN to schools in the PA from neighbouring PAs than travel out to schools in other PAs No need for additional places. This will be kept under review in light of all potential and ongoing housing development. | |

Tables E(i) to E(iii) below show how Reception places were allocated in this planning area at each of the last three National Offer Days, compared to the number of Reception places available at each school and the number of applicants resident in each school's Priority Admission Area (PAA). Blanks in the tables indicate a school does not have a PAA.

Table E(i)

| 2023/24 | PAN | No of applicants living in PAA | No of places allocated | Vacancies | Waiting list |

- ❖ Moorlands Primary School
- ❖ Reinwood I & N School
- ❖ Reinwood Community Junior School

Overview: The chart on page 156 (and Table B on page 157) shows the demand for Reception places from children resident in this planning area is expected to decline slightly overall, albeit with some fluctuations.

In 2022/23 all places were allocated at all schools.

In 2023/24 again all places were allocated at national offer day at all schools that admit Reception age children. The pattern of pupil distribution illustrates that the majority of children (77%) living in the planning area attend schools in the area, with a number of pupils (12%) attending schools here from neighbouring planning areas.

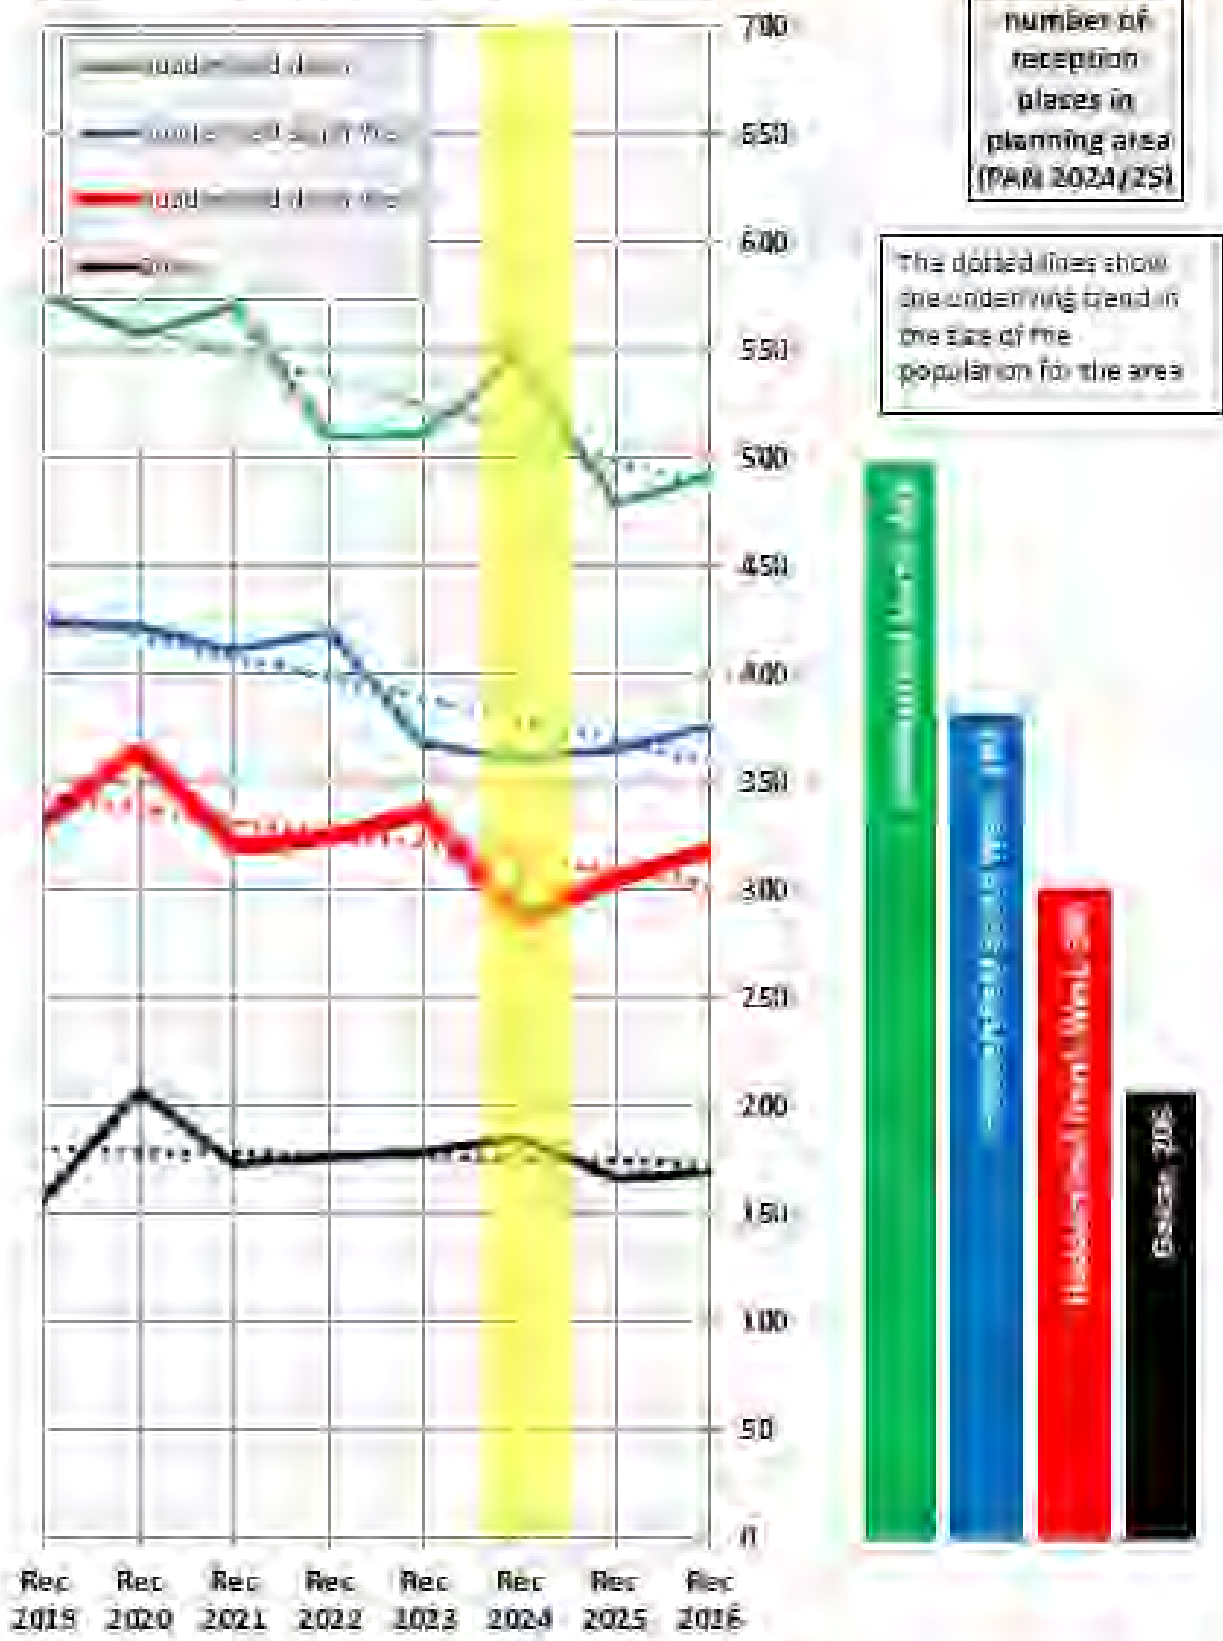

For 2024, 2025 and 2026 population data show a slightly declining trend with a more significant dip in 2024. There is one housing development in the planning area, where building is underway and is expected to be completed in 2023. Where demand may exceed capacity in this planning area, capacity remains available in schools in the neighbouring Huddersfield North planning area that can meet this need, with a re-balancing of demand and parental preference over time. There is no need for additional places.

| Reception places in the planning area | |
|--|--|
| Place planning data for three cohorts of children (Reception 21 and 12) From WHS Oct 2022 and Spring Census Jan 2023 Note numbers in square brackets show the average number of children per year group | |

Overview: The chart on page 163 (and Table B on page 164) shows the demand for Reception places from children resident in this planning area is expected to be broadly static.

It is recognised there are currently surplus places in this planning area, however, PAN reductions have been determined for Netherhall St James CE (VC) I & N School and Netherhall Learning Campus Junior School from 2024/25. Netherhall St James CE (VC) I & N School's PAN will reduce from 90 to 55 and Netherhall Learning Campus Junior School's PAN will reduce from 90 to 75.

In 2022/23 there were a number of unfilled places at almost all schools.

In 2023/24 there were a number of unfilled places at national offer day at all schools that admit Reception age children. The majority of children (75%) living in the planning area attend schools in the area, whilst 18% attending schools here live in neighbouring planning areas, mostly Kirkheaton, Lepton and Grange Moor.

For 2024, 2025 and 2026 population data indicate a broadly static population towards 2026. There is no need for any additional places.

Tables E(i) to E(iii) below show how Reception places were allocated in this planning area at each of the last three National Offer Days, compared to the number of Reception places available at each school and the number of applicants resident in each school's Priority Admission Area (PAA). Blanks in the tables indicate a school does not have a PAA.

Table E(i)

| 2023/24 | PAN | No of applicants living in PAA | No of places allocated | Vacancies | Waiting list |
|---|------------|--------------------------------|------------------------|------------|--------------|
| Huddersfield South East | | | | | |
| All Hallows' CE(VA) Primary School | 30 | 43 | 23 | 7 | 0 |

Planning Area 17: Huddersfield South West

Contains Ordnance Survey data

© Crown Copyright and database right 2023

- ❖ Beaumont Primary Academy
- ❖ Luck Lane, A SHARE Primary Academy (part of Royds Hall, A SHARE Academy)
(The area shaded blue shows the priority admission area for Luck Lane, A SHARE Primary Academy, located in the Golcar planning area)
- ❖ Mount Pleasant Primary School
- ❖ Oak CE(VC) Primary School
- ❖ Paddock J I & N School
- ❖ Spring Grove J I & N School

Overview: The chart on page 170 (and Table B on page 171) shows that the demand for Reception places from children resident in this planning area is expected to be broadly static.

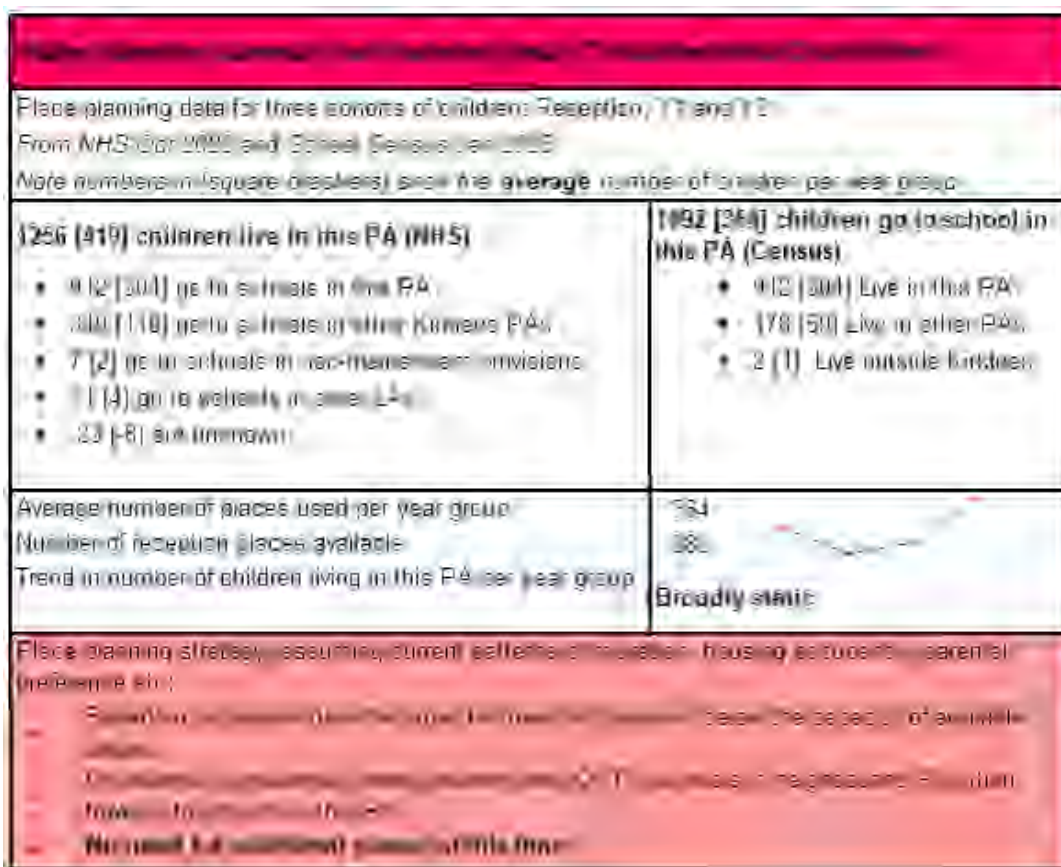

Beaumont Primary Academy and Oak CE(VC) Primary School share the same priority admission area. Luck Lane, A SHARE Academy has a priority admission area located in the Golcar planning area, previously linked to the Lily Park, A SHARE Academy site which closed in October 2022 (see Planning Area 10: Golcar for further details). However, most of Luck Lane’s pupils live outside this priority admission area in the Huddersfield South West planning area.

It is recognised there are currently surplus places in this planning area, however, a PAN reduction has been determined for Oak CE (VC) Primary School from 2024/25. The PAN will reduce from 120 to 60.

In 2022/23 there were a number of unfilled places at most schools.

In 2023/24 there were again a number of unfilled places at national offer day at most schools. The pattern of pupil distribution illustrates that the majority of children (73%) living in the planning area attend schools in the area, with a number of pupils (16%) attending schools here from neighbouring planning areas.

For 2024, 2025 and 2026 population data indicate broadly static population towards 2026. There is a large housing development site in the south of this planning area where construction of approximately 200 dwellings has commenced and is likely to be complete in 2024. There is also a large development, of 770 dwellings, that has not yet commenced. There are other sites proposed in the Local Plan that could affect the demand for places in the longer term. There is no need for any additional places at this time.

The chart above shows the size of each year group in the child population in the planning area and the neighbouring planning areas for Reception cohorts Sep 2019 to Sep 2026. The dotted line shows the underlying trend in the size of the pupil population for each area.

The bar chart shows the number of Reception class places available in each planning area, based on the Published Admission Numbers (PANs) of the schools in the area. The yellow shading highlights the data for Reception classes in September 2024.

The number on roll figures for Luck Lane, A SHARE Academy include pupils who were formerly on roll at Lily Park, A SHARE Academy. These pupils were offered places at Luck Lane, A SHARE Academy after the Lily Park site closed at the end of October 2022. This accounts for the larger year groups sizes in Year 2 and Year 6.

Tables E(i) to E(iii) below show how Reception places were allocated in this planning area at each of the last three National Offer Days, compared to the number of Reception places available at each school and the number of applicants resident in each school's Priority Admission Area (PAA). Blanks in the tables indicate a school does not have a PAA.

Table E(i)

| 2023/24 | PAN | No of applicants living in PAA | No of places allocated | Vacancies | Waiting list |

- ❖ Grange Moor Primary School
- ❖ Kirkheaton Primary School
- ❖ Lepton C of E Primary Academy
- ❖ Rowley Lane J I & N School

Overview: The chart on page 177 (and Table B on page 178) shows the demand for Reception places from children resident in this planning area is expected to decline slightly overall, but with some fluctuations. Schools are popular in this area with pupils securing places here from the neighbouring planning areas, mainly Huddersfield South East.

In 2022/23 there were a modest number of unfilled places at most schools.

In 2023/24 there were a number of unfilled places at two schools at national offer day despite parental preference showing a continuing trend to secure places in this planning area from other areas. The pattern of pupil distribution illustrates that the majority of children (77%) living in the planning area attend schools in the area, with a significant number of pupils (36%) attending schools here from neighbouring planning areas.

For 2024, 2025 and 2026 population data indicate a slightly declining trend towards 2026, with a more significant single year dip in 2024. There are a number of housing developments proposed in the Local Plan which are likely to have an impact on demand in the longer term. However, with surplus places available and significant inward migration of children from outside the area, there is no need for any additional places.

- ❖ Norristhorpe J & I School
- ❖ Roberttown CE(VC) J & I School

Overview: The chart on page 184 (and Table B on page 185) shows that the demand for Reception places from children resident in this planning area is expected to continue to decline steadily, albeit with fluctuations. Schools are popular in this area with pupils securing places here from the neighbouring planning areas.

In 2022/23 there were unfilled places at three schools.

In 2023/24 there were a very modest number of unfilled places at one school at national offer day. The pattern of pupil distribution illustrates that the majority of children (81%) living in the planning area attend schools in the area. There are significant trends of inward migration into this area, with a large number of pupils (42%) attending schools here from neighbouring planning areas, particularly Cleckheaton, Heckmondwike and Mirfield.

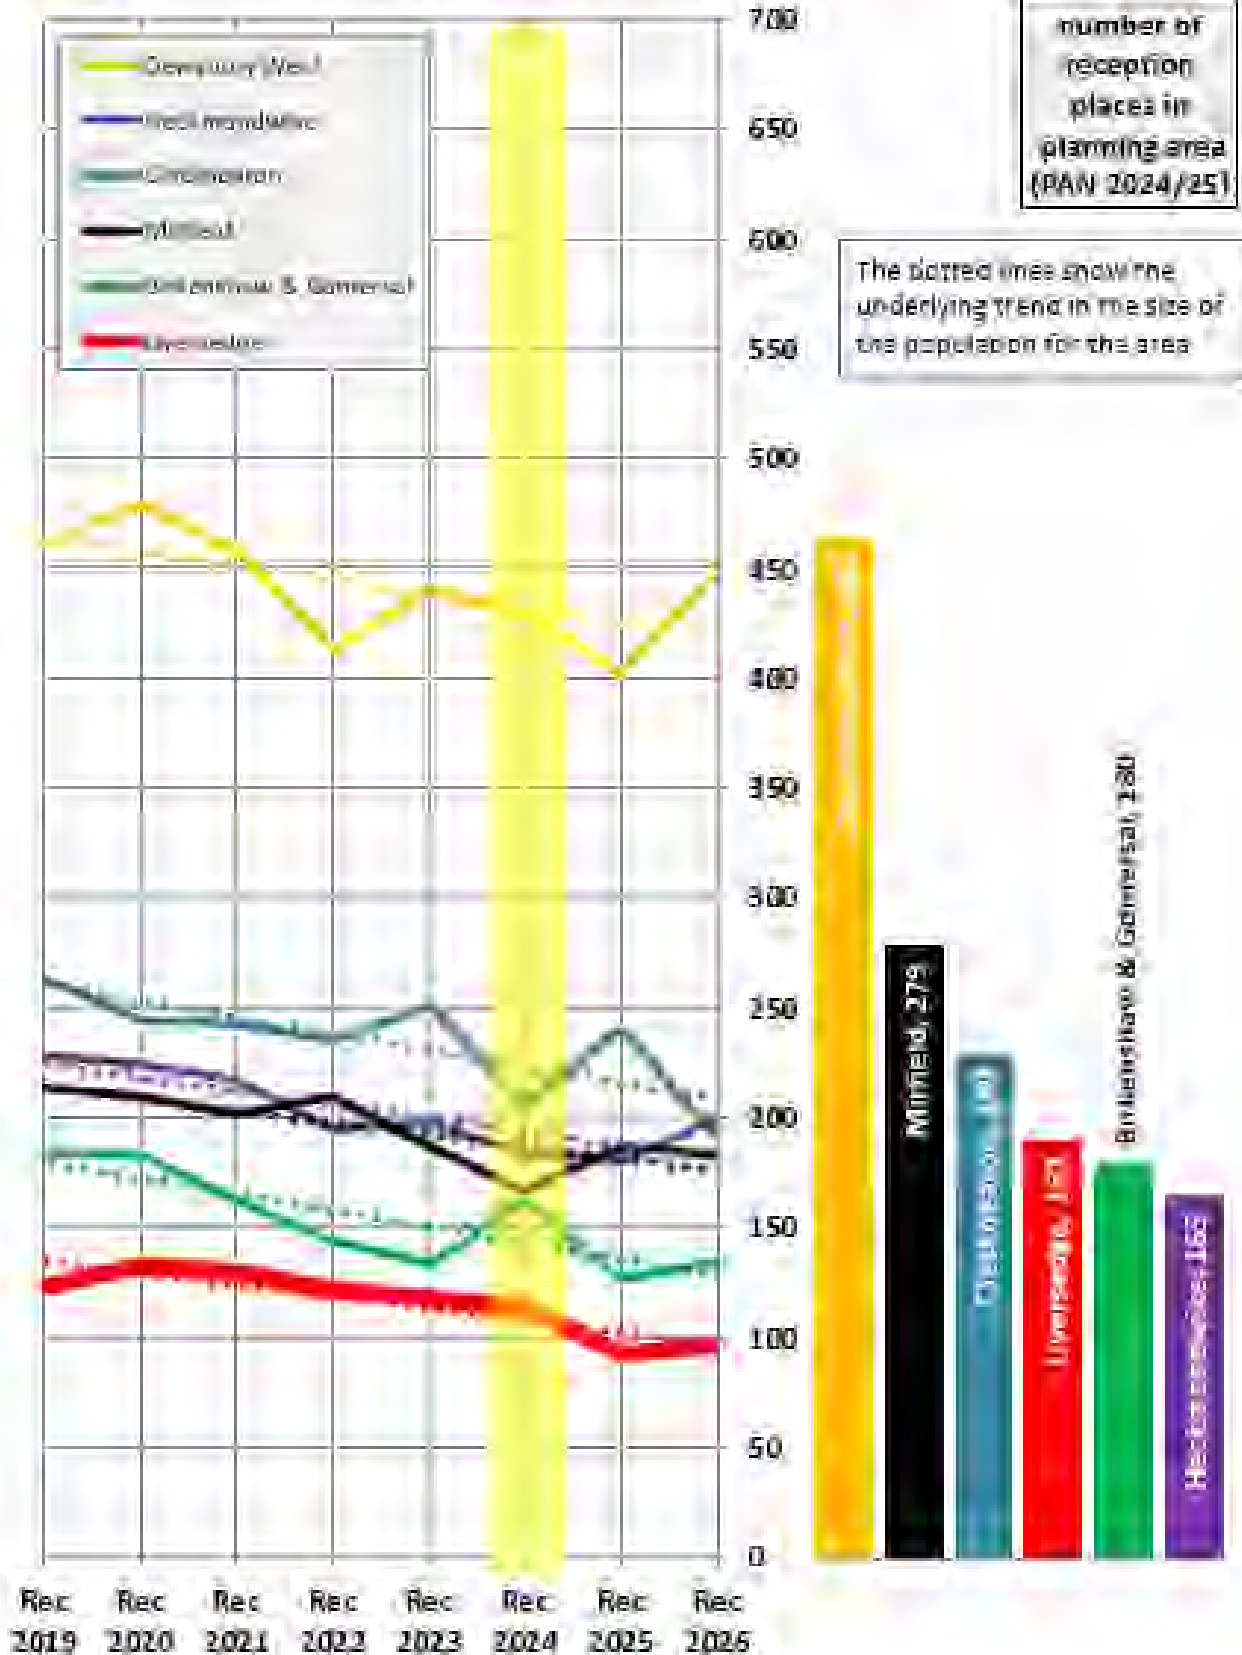

For 2023, 2024 and 2025 population data indicate a steadily declining population trend. There is no need for any additional places.

| Reception places available in the planning area | |

Overview: The chart on page 191 (and Table B on page 192) shows the demand for Reception places from children resident in this planning area is expected to be broadly static. The schools in this planning area have historically alleviated pressure from neighbouring planning areas, particularly Dewsbury South and Dewsbury West.

In 2022/23 there were a number of unfilled places at more than half of the schools.

In 2023/24 there were a number of unfilled places at national offer day at all but one of the schools. The pattern of pupil distribution illustrates that the majority of children (86%) living in the planning area attend schools in the area, with a number of pupils (26%) attending schools here from neighbouring planning areas. There are well-established trends of movement into the area from Dewsbury South and Dewsbury West.

For 2024, 2025 and 2026 population data indicate a broadly static trend, albeit it with a population dip in 2024. There are two housing development sites where building has commenced on a total of approximately 230 dwellings. The larger of the two developments is expected to be complete in 2023 and the other is expected to complete in 2024. There is no need for additional places.

| Reception places available in Reception year 2023/24 | |
|--|---|
| Place planning data for three cohorts of children (Reception 2023 and 2024) From NHS Oct 2022 and School Census Jan 2023 Note numbers in (square brackets) show the average number of children per year group | |
| 625 (208) children live in this PA (NHS) <ul style="list-style-type: none"> • 535 (178) go to schools in this PA • 66 (22) go to schools in other Kirklees PAs • 4 (0) go to schools in non-mainstream provisions • 5 (2) go to schools in other LAs • 18 (6) are unknown | 725 (242) children go to school in this PA (Census) <ul style="list-style-type: none"> • 535 (178) live in this PA • 150 (63) live in other PAs • 4 (0) live outside Kirklees |
| Average number of places used per year group Number of reception places available Trend in number of children using this PA per year group | <p>Broadly static</p> |
| Place planning strategy, based on the most likely scenario (including parental preference etc) <ul style="list-style-type: none"> - Based on the most likely scenario, the number of places available in Reception year 2023/24 is 625 - The number of places available in Reception year 2024/25 is 625 - The number of places available in Reception year 2025/26 is 625 - No need for additional places | |

Planning Area 20: Mirfield

Chart showing pupil population trends and available school places

population trends in neighbouring planning areas
Reception 2019 to Reception 2026 (NHS)

The chart above shows the size of each year group in the child population in the planning area and the neighbouring planning areas for Reception cohorts Sep 2019 to Sep 2026. The dotted line shows the underlying trend in the size of the pupil population for each area.

The bar chart shows the number of Reception class places available in each planning area, based on the Published Admission Numbers (PANs) of the schools in the area. The yellow shading highlights the data for Reception classes in September 2024.

- ❖ Lowerhouses CE(VC) J I & EY School
- ❖ Newsome Junior School

Overview: The chart on page 198 (and Table B on page 199) shows that the demand for Reception places from children resident in this planning area is expected to continue to decline overall, with some fluctuation.

In 2022/23 there were unfilled places at most of the schools.

In 2023/24 there were a number of unfilled places at national offer day in two of the three schools that admit Reception age children. The pattern of pupil distribution illustrates that the majority of children (63%) living in the planning area attend schools in the area, with a number of pupils (11%) attending schools here from neighbouring planning areas.

For 2024, 2025 and 2026 population data indicate the continuation of a declining trend, with some fluctuations. There is no need for any additional places.

| Reception places in Kirktees Planning Area | |
|---|---|
| Place planning data for three cohorts of children (Reception 2024/25) | |
| From NHS Data 2022 and School Census Jan 2023 | |
| Note numbers in square brackets show the average number of children per year group | |
| <p>529 (175) children live in this PA (NHS)</p> <ul style="list-style-type: none"> • 114 (111) go to schools in this PA • 186 (49) go to schools in other Kirktees PAs • 41 (1) go to schools in non-mainstream provisions • 0 (0) go to schools in other LAs • 86 (22) are unknown | <p>375 (125) children go to school in this PA (Census)</p> <ul style="list-style-type: none"> • 234 (111) live in this PA • 40 (13) live in other PAs • 1 (0) live outside Kirktees |
| Average number of places used per year group | 125 |
| Number of reception places available | 135 |
| Trend in number of children using this PA per year group | Decline with fluctuations |
| Place planning strategy, based on the most effective evidence, taking into account parental preferences such as: | |
| - School to which children are most likely to be offered places | |
| - Places | |
| - Children with special needs or other special circumstances | |
| - Travel to schools in this PA | |
| - No need for additional places | |

Overview: The chart on page 205 (and Table B on page 206) shows the demand for Reception places from children resident in this planning area is expected to continue to decline. This is an area in the LA that has a 3-tier system of first and middle schools. The schools in this planning area serve a semi-rural cluster of small settlements, including some rural schools.

In 2022/23 there were a modest number of unfilled places at over half the schools.

In 2023/24 there were a modest number of unfilled places on national offer day at all but one school. The pattern of pupil distribution illustrates that the majority of children (89%) living in the planning area attend schools in the area, with a number of pupils (18%) attending schools here from neighbouring planning areas.

For 2024, 2025 and 2026 population data indicate a continuation of a declining trend. There is a small housing development of approximately 50 dwellings in this planning area, which has not yet commenced. There is no need for additional places.

| Reception places in the planning area | |
|--|---|
| Place planning data for three cohorts of children: Reception, Years 1 & 2 From NHS Data 2022 and School Census Jan 2023 Note numbers in (square brackets) show the average number of children per year group | |

Tables E(i) to E(iii) below show how Reception places were allocated in this planning area at each of the last three National Offer Days, compared to the number of Reception places available at each school and the number of applicants resident in each school's Priority Admission Area (PAA). Blanks in the tables indicate a school does not have a PAA.

Table E(i)

Overview: The chart on page 212 (and Table B on page 213) shows the demand for Reception places from children resident in this planning area is expected to continue to decline. This is an area in the LA that has a 3-tier system of first and middle schools. The schools in this planning area serve a semi-rural cluster of small settlements, including some rural schools.

In 2022/23 there were a number of unfilled places at most schools.

For 2023/24 there were a number of unfilled places available at national offer day at all but one of the schools. The pattern of pupil distribution illustrates that the majority of children (81%) living in the planning area attend schools in the area, with a very small number of pupils (6%) attending schools here from neighbouring planning areas.

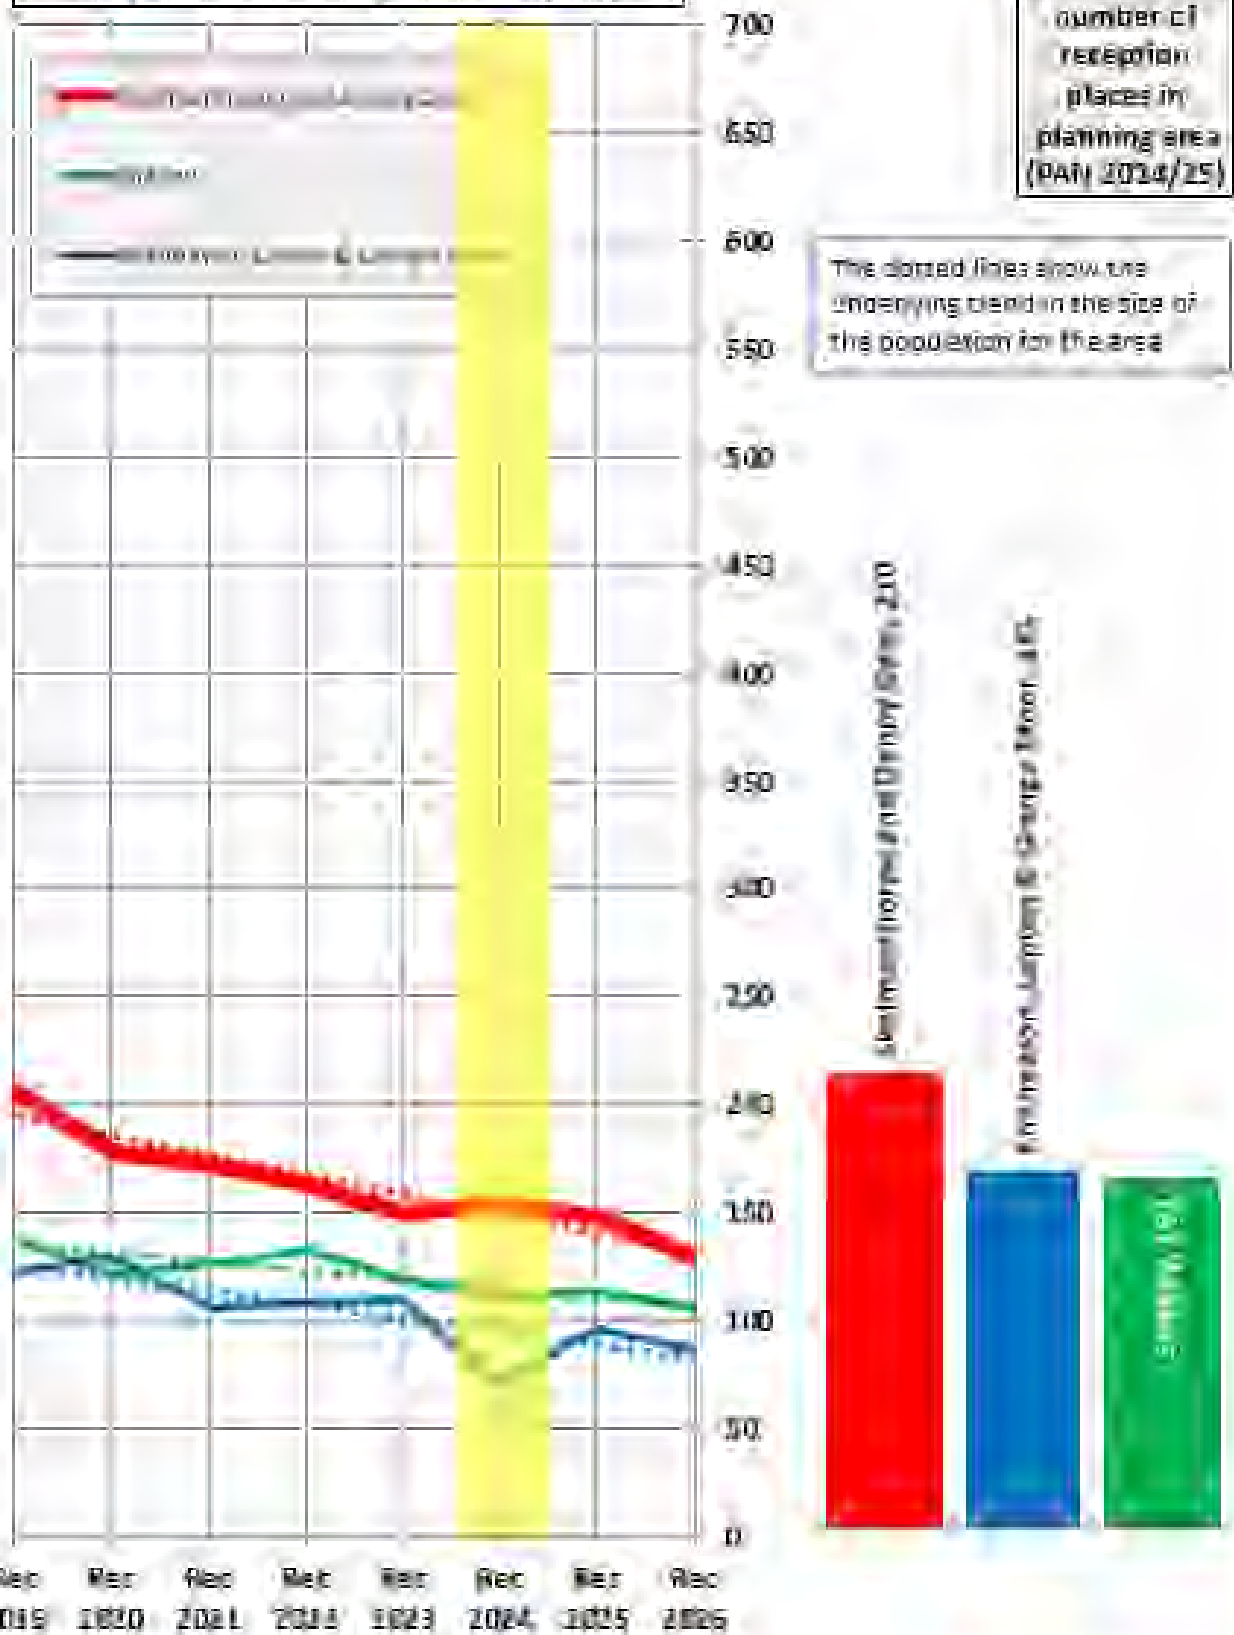

For 2024, 2025 and 2026 population data indicate a continuation to a declining trend. Many schools serve small rural settlements and have small admission numbers. There is one housing development, where building has commenced on 190 dwellings, that is expected to be complete in around three years. Even modest housing developments can have a disproportionate impact on small rural schools where there may be limited opportunity for an alternative school within a reasonable travelling distance. Any need to address this potential issue in the future will need to be carefully balanced with the declining population and the sustainability of schools, the impact of this situation on school places remains under constant review. Continued engagement is required with the local school system about the level of surplus places in this planning area and opportunities that may exist to review places at a more localised level.

| Place planning summary for Planning Area 23. Skelmanthorpe and Denby Dale | |
|--|---|
| Place planning data for three cohorts of children: Reception, Y1 and Y2 <i>From NHS Oct 2022 and School Census Jan 2023</i> <i>Note numbers in [square brackets] show the average number of children per year group</i> | |
| 557 [186] children live in this PA (NHS) <ul style="list-style-type: none"> 452 [151] go to schools in this PA 34 [11] go to schools in other Kirklees PAs 0 [0] go to schools in non-mainstream provisions 16 [5] go to schools in other LAs 55 [18] are unknown | 491 [164] children go to school in this PA (Census) <ul style="list-style-type: none"> 452 [151] Live in this PA 29 [10] Live in other PAs 10 [3] Live outside Kirklees |
| Average number of places used per year group Number of reception places available Trend in number of children living in this PA per year group | 164 210  Decline |
| Place planning strategy (assuming current patterns of migration, housing occupancy, parental preference etc) <ul style="list-style-type: none"> Based on population data the projected need for places is below the capacity of available places On balance, slightly more children travel OUT to schools in neighbouring PAs than travel in to schools in this PA Continued engagement is required with the local school system about the level of surplus places in this planning area and opportunities that may exist. | |

Planning Area 2 - Feltham/Dorridge and Denton Dale

Chart showing pupil population trends and available school places

population trends in neighbouring planning areas
Reception 2019 to Reception 2026 (MHS)

The chart above shows the size of each year group in the child population in the planning area and the neighbouring planning areas for Reception cohorts Sep 2019 to Sep 2026. The dotted line shows the underlying trend in the size of the pupil population for each area.

The bar chart shows the number of Reception class places available in each planning area, based on the Published Admission Numbers (PANs) of the schools in the area. The yellow shading highlights the data for Reception classes in September 2024.
