

# Yorkshire Common Permit Scheme For Road Works and Street Works

Traffic Management Act 2004

## Display of Permit Reference Number for Immediate Works

Yorkshire Common Permit Scheme: Advice Note No. Two

<b>Document Name:</b>	<i>Display of Permit Reference Number for Immediate Works</i>	<b>Document No:</b> YPAN/002
<b>Date Issued:</b>	<i>28 March 2012</i>	
<b>Date Revised:</b>		
<b>Related Documents:</b>	YPAN/001	

**Background:**

The issue was – in respect of Immediate works, whether it would be possible to display the works reference as permit application number.

**Advice:**

This would allow works promoters to display the number on the site information board when the works commence, and this would a) make the number available immediately to persons passing the site and b) be consistent with the agreed format for the reference to be displayed. On this basis the advice to works promoters is that they can display the works reference as the permit number in respect of permits for Immediate works, and that this number can be displayed on site at the time that the works commence.
