, both as a pedestrian and driver, I wish to point out that this proposed development would lead to excessive and dangerous congestion, especially at school times in the morning and evening. The exit angles for the proposed house parking spaces would be lacking clear vision of the surrounding roads and, as such, would be hazardous.

The appearance of the proposed development would be inappropriate for the centre of the village which is mainly built of Yorkshire stone. The proposed balconies above the garages are particularly unsuitable and obtrusive.

Finally, the proposed development is within a Conservation Area and is adjacent to a steep banking below a bend on George Street which has been the scene of past accidents.
