Subject: Ref planning application 2025/93355 land off Woodward Court

I would like to make some objections to the above I consider Hepworth lane really dangerous when turning in from flash lane if there's any traffic you can't see it if there is traffic you have to reverse back if there's cars behind it's impossible you have to be on your guard for children adults pushing push chairs walking dogs elderly they have to actually stand in somebody's garden so that you can pass in your vehicle or you have to wait for the people to get to a safe spot before proceeding causing a backlog many a time bins haven't been emptied because the bin men can't access heckworth lane through cars parking or just driving through or deliveries the actual lane itself looks really unsafe not in good repair and there's no footpaths at the beginning or further up on the one way road. There are so many blind spots you can't see if there's any vehicles there and at school time it's just chaotic and dangerous to add more traffic to this bad situation is just ridiculous unsafe and not viable
