| I have have concerns regarding the safety of the road, its already very busy with cars,, there isn't enough car parking spaces and it will be dangerous with the blind bend to increase traffic on this road.<br>Low town has a very traditional feel which will clash with new builds.<br>currently is full of character and natural habitats for birds.<br>The site has a footpath used by children to walk to school which is safer for them to acess the steps to the main road as the blind bend has not foot path so you have to cross the road several times or walk along the road at the blind bend which is not safe. |
