Type of comment: An objection
The proposed houses seem to be of very modern design which is totally out of character for the area and for a conservation area. There is currently not adequate parking for the number of houses already in Low Town. The road is very narrow and at times farm traffic and delivery vehicles have trouble getting through when people try to park on both sides of the road. Additional cars from this development will only add to the problems. The driveways exit onto the "blind bend" stretch of the road which at some time I believe end in an accident.
