RENEWAL OF TEMPORARY PERMISSION OF TAXI OFFICE

The application is the renewal of the temporary permission to form a Taxi office – Planning application 2017/94355, which was approved on the 6th March 2018.

The Taxi office occupies the ground floor vacant shop premises, 68A Sheepridge Road. The office is the end unit of a short row of shops in the Sheepridge shopping area.

It is predominantly a call centre, but will also have a small section for customers who come to the office.

The 1st floor flat is unaffected by the proposals.

Three cars will be operated by the firm, when not in use the Taxis will be kept at the drivers homes.

Off street parking facilities have been agreed for all 3 cars with Deighton Working Mens Club. There is also a large car park next to the office, which is rarely full, and also there is layby parking infront of the row of shops.

The people operating the call centre will be brought to the office by Taxi.
