

*This is how we demonstrate individual liberty*

Together we celebrate the range of cultural differences within our learning community

We promote freedom of speech and develop confidence in you so that you can express your views

We make you feel comfortable about seeking help, support and advice from us and people in the wider community

Together we make you feel special and valued

You appreciate that everyone has a voice and has a chance to be heard

Together we create a relaxed environment so that you can express your individuality
