No objection

This important listed building has remained vacant for a number of years due to the lack of a long term viable use being found. Whilst the building is in the main weather proof and secure, the lack of a use is of concern. The proposed alterations to enable the change of use are considered under application 2019/91506 and reference should be made to them. In terms of this application the change of use will not harm the significance of the building and would hopefully achieve the aim of securing a long term viable use for the building and as such I offer no objection to it subject to the comments made under the associated Listed Building Consent application.
