As a young person and resident of Heybeck Lane, I object to this planning application. I feel strongly about the current environment and the lack of concern for the climate and poor air quality. Not to mention the demolition of natural habitats for surrounding wild and endangered animals. Additionally, there is already a large issue with the number of buses being cancelled and delayed every day. To then add further traffic directly through the street, will make it near impossible to be able to use public transport for people going to work and school.
