Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. W trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposal planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

Large ash tree located to the rear of 59 Handel Street, standing on James Street,Golcar, Huddersfield. I wish to apply for slight pruning of overhanging branches that protrude into my garden. They overhang the garden, blocking virtually all sunlight and pose a threat to my property in high winds. The also a hygiene problem due to bird droppings falling from birds perched on the branches of the tree . Young children regularly play in the garden ma this a concern. . Light pruning of the overhanging branches will be sufficient.
