Dear Sir/Madam,

I write again to offer our support for the new planning application which Lidl have submitted for a store in Salendine Nook. Having shopped in Lidl for over 20 years, it would be wonderful to have a branch in the north of Huddersfield, an area devoid of decent supermarket availability, when compared with other parts of the town.

Given that there has been considerable expansion in new homes in the area, it makes even more economic and environmental sense to have a full size supermarket at this site, in order to reduce the need for people to drive all the way into Huddersfield town centre, or across to Halifax or Elland.

The quality of products at Lidl is excellent, and prices are competitive, so this proposal is important on many levels, and I would urge the council to support it this time.

Regards,

27 Temple Street, Lindley, HD3 3JG
