

Business Rates 2018/19

About your business rates

Non-Domestic Rates, or business rates, collected by local authorities are the way that those who occupy non-domestic properties contribute towards the cost of local services. Under the business rates retention arrangements introduced from 1st April 2013, authorities keep a proportion of the business rates paid locally. This provides a direct financial incentive for Kirklees council to work with local businesses to create a favourable local environment for growth since Kirklees council will benefit from growth in business rates revenues. The money, together with revenue from Council Tax payers, revenue support grant provided by the Government and certain other sums, is used to pay for the services provided by Kirklees council. Further information about the business rates system, including transitional and other reliefs, may be obtained at www.gov.uk.

Rateable Value

Apart from properties that are exempt from business rates, each non-domestic property has a rateable value which is set by the Valuation Office Agency (VOA), an agency of Her Majesty's Revenue and Customs. They draw up and maintain a full list of all rateable values, available at www.gov.uk/government/organisations/valuation-office-agency. The rateable value of your property is shown on the front of your bill. This broadly represents the yearly rent the property could have been let for on the open market on a particular date. For the revaluation that came into effect on 1st April 2017, this date was set as 1st April 2015.

The Valuation Office Agency may alter the value if circumstances change. The ratepayer (and certain others who have an interest in the property) can appeal against the value shown in the list if they believe it is wrong. Full details on your rights of appeal are available from the Valuation Office Agency. Kirklees council can only backdate any business rates rebate to the date from which any change to the list is to have effect.

Further information about the grounds on which appeals may be made and the process for doing so can be found on the www.gov.uk website or obtained from your local valuation office. Alternatively, you can call them on 03000 501 501.

National Non-Domestic Rating Multiplier

The local authority works out the business rates bill by multiplying the rateable value of the property by the appropriate multiplier. There are two multipliers: the standard non-domestic rating multiplier and the small business non-domestic rating multiplier. The former is higher to pay for small business rate relief. The Government sets the multipliers for each financial year for the whole of England according to formulae set by legislation.

The current multipliers are:

Standard:	0.493
Small business:	0.480

Business Rates Instalments

Payment of business rate bills is automatically set on a 10-monthly cycle. However, the Government has put in place regulations that allow businesses to require Kirklees council to enable payments to be made through 12 monthly instalments. If you wish to take up this offer, you should contact us as soon as possible.

Revaluation 2017 and Transitional Arrangements

All rateable values are reassessed at a general revaluation. The most recent revaluation took effect from 1st April 2017. Revaluations make sure each ratepayer pays their fair contribution and no more, by ensuring that the share of the national rates bill paid by any one ratepayer reflects changes over time in the value of their property relative to others. Revaluation does not raise extra money for Government.

Whilst the 2017 revaluation did not increase the amount of rates collected nationally, within this overall picture, the majority of ratepayers received a reduction or no change in their bill whereas some ratepayers saw increases.

A £3.6 billion transitional relief scheme limits changes in rate bills as a result of the 2017 revaluation. To help pay for the limits on increases in bills, there are also limits on reductions in bills. Under the transitional scheme, limits continue to apply to yearly increases and decreases until the full amount is due (rateable value times the appropriate multiplier). The scheme applies only to the bill based on a property at the time of the revaluation. If there are any changes to the property after 1st April 2017, transitional arrangements will not normally apply to the part of a bill that relates to any increase in rateable value due to those changes. Changes to your bill as a result of other reasons (such as changes to the amount of small business rate relief) are not covered by the transitional arrangements.

The transitional arrangements are applied automatically and are shown on the front of your bill. Further information about transitional arrangements and other reliefs may be obtained from www.kirklees.gov.uk/businessrates or the website www.gov.uk/introduction-to-business-rates.

More information on the 2017 revaluation can be found at www.gov.uk/introduction-to-business-rates/revaluation.

Unoccupied Property Rating

Business rates will not be payable in the first three months that a property is empty. This is extended to six months in the case of certain industrial properties. After this period rates are payable in full. In most cases the unoccupied property rate is zero for properties owned by charities and community amateur sports clubs. In addition, there are a number of exemptions from the unoccupied property rate. Full details on exemptions can be obtained from Kirklees council. If a property is occupied before the end of the exemption period, a full charge will become applicable.

Partly Occupied Property Relief

A ratepayer is liable for the full non-domestic rate whether a property is wholly occupied or only partly occupied. Where a property is partly occupied for a short time Kirklees council has discretion in certain cases to award relief in respect of the unoccupied part.

Small Business Rate Relief

Ratepayers who occupy a property with a rateable value which does not exceed £50,999 (and who are not entitled to other mandatory relief or are liable for unoccupied property rates) will have their bills calculated using the lower small business non-domestic rating multiplier, rather than the national non-domestic rating multiplier.

In addition, generally, if the sole or main property is shown on the rating list with a rateable value which does not exceed £15,000, the ratepayer will receive a percentage reduction in their rates bill for this property of up to a maximum of 100%. For a property with a rateable value of not more than £12,000, the ratepayer will receive a 100% reduction in their rates bill.

Generally, this percentage reduction (relief) is only available to ratepayers who occupy either-

(a) one property, or

(b) one main property and other additional properties providing those additional properties each have a rateable value which does not exceed £2,899.

The rateable value of the property mentioned in (a), or the aggregate rateable value of all the properties mentioned in (b), must not exceed £19,999 on each day for which relief is being sought. If the rateable value, or aggregate rateable value, increases above those levels, relief will cease from the day of the increase.

The Government has introduced additional support to small businesses. For those businesses that take on an additional property which would normally have meant the loss of small business rate relief, the Government has confirmed that they will be allowed to keep that relief for a period of 12 months.

Where a ratepayer meets the eligibility criteria and has not received the relief they should contact Kirklees council. Provided the ratepayer continues to satisfy the conditions for relief which apply at the relevant time as regards the property and the ratepayer, they will automatically continue to receive relief in each new valuation period.

Certain changes in circumstances will need to be notified to Kirklees council by a ratepayer who is in receipt of relief (other changes will be picked up by Kirklees council). The changes which should be notified are:

(a) the ratepayer taking up occupation of an additional property, and

(b) an increase in the rateable value of a property occupied by the ratepayer in an area other than the area of the local authority which granted the relief.

Charity and Community Amateur Sports Club Relief

Charities and registered Community Amateur Sports Clubs are entitled to 80% relief where the property is occupied by the charity or the club, and is wholly or mainly used for the charitable purposes of the charity (or of that and other charities), or for the purposes of the club (or of that and other clubs).

Kirklees council has discretion to give further relief on the remaining bill.

Relief for Local Newspapers

The Government is providing funding to local authorities so that they can provide a discount worth up to £1,500 a year for 2 years from 1st April 2017, to office space occupied by local newspapers. This is up to a maximum of one discount per local newspaper title and per hereditament, and up to state aid limits. The relief will be delivered through local authority discretionary discount powers (under section 47(3) of the Local Government Finance Act 1988). Eligibility criteria for this relief is set out in a guidance note: "The case for a business rates relief for local newspapers", which can be obtained at www.gov.uk/government/consultations/the-case-for-a-business-rates-relief-for-local-newspapers

Spring Budget 2017 Relief Scheme: Supporting Small Business

Ratepayers losing Small Business or Rural Rate Relief as a result of the 2017 revaluation will have their increases limited to the greater of either (i) a cash value of £600 per year, or (ii) the matching cap on increases for small properties in the transitional relief scheme. This relief will run for 5 years to 31st March 2022 and ratepayers will receive the relief until this date or they reach what their bill would have been within the relief scheme, whichever is first. The relief comes to an end if the property becomes unoccupied even for a day.

Spring Budget 2017 Relief Scheme: Discretionary Scheme

The Government is providing £300 million of funding to local authorities over 4 years to 31st March 2021 to provide discounts to ratepayers in their area on a discretionary basis. Each authority has been allocated a share with which to design and implement a scheme to deliver targeted support to ratepayers. The £300m will cover the 4 years from 2017/18: £175m in 2017/18; £85m in 2018/19; £35m in 2019/20 and £5m in 2020/21.

Local authority allocations can be found at:

<https://www.gov.uk/government/consultations/discretionary-business-rates-relief-scheme>

Spring Budget 2017 Relief Scheme: Support for Pubs

The Government is providing funding for local authorities to provide a £1,000 discount to pubs with a rateable value of below £100,000. This was to run for 2017/18 only; at Autumn Budget 2017, the Government extended the scheme for an additional year. Pubs with a rateable value of below £100,000 will also receive a £1,000 discount for 2018/19.

All of these Spring Budget reliefs will be delivered through local authority discretionary discount powers (under section 47(3) of the Local Government Finance Act 1988).

Local Discounts

Kirklees council have a general power to grant discretionary local discounts in specific circumstances.

State Aid

The award of such discounts is considered likely to amount to state aid. However it will be state aid compliant where it is provided in accordance with the De Minimis Regulations EC 1407/2013. The De Minimis Regulations allow an undertaking to receive up to €200,000 'de minimis' aid over a rolling three year period. If you are receiving, or have received, any 'de minimis' aid granted during the current or two previous financial years (from any source), you should inform us immediately with details of the aid received.

Hardship Relief

Kirklees council has discretion to give hardship relief in specific circumstances. Any difficulties must be short term and must not be due to general trading difficulties due to the economic climate.

Rating advisers

Ratepayers do not have to be represented in discussions about their rateable value or their rates bill. However, ratepayers who do wish to be represented should be aware that members of the Royal Institution of Chartered Surveyors (RICS - website www.rics.org) and the Institute of Revenues, Rating and Valuation (IRRV - website www.irrv.org.uk) are qualified and are regulated by rules of professional conduct designed to protect the public from misconduct. Before you employ a rating adviser, you should check that they have the necessary knowledge and expertise, as well as appropriate indemnity insurance. Take great care and, if necessary, seek further advice before entering into any contract.

Information Supplied with Demand Notices

Information relating to the relevant and previous financial years in regard to the gross expenditure of the local authority is at www.kirklees.gov.uk/counciltax in the Council tax booklet.

Changes in circumstances

We could prosecute if you give incorrect information, or don't tell us if your circumstances have changes, which means you continue to receive a relief you are not entitled to.
