There are an excessive number of delivery vehicles arriving regularly throughout the the day, including outside the stated hours.

Some delivery drivers drive at excessive speeds up and down Grimescar Meadows, posing a potential danger to pedestrians, and children playing, as there are no pavements on the cul-de-sac.

Queueing vehicles occasionally block entry and exit to and from Grimescar Meadows for residents, other delivery vehicles and refuse/recycling collection vehicles.

Noise from delivery vehicles slamming doors and moving stacks of crates in and out of the property at regular periods throughout the day.

Judging from the amount of delivery traffic, we are concerned that large stocks of pharmaceutical drugs are held on the premises, without appropriate security provisions, and potentially attracting criminals.
