I object to this planning application for various reasons including:

The reports are full of inaccuracies including the bus frequencies, the wildlife report is totally ridiculous as foxes and hedgehogs are nocturnal and I presume the site was walked in daylight when the report took place.

We know for a fact that there are plenty of foxes about as we have in our garden at the south east of the site.

From Spring to Autumn the back garden is like hedgehog central so I really do question the validity of some of Bellway's wildlife reports.

The exit onto Hepworth Lane on the bend and at the at the narrowest part of the road is absolutely ridiculous and I would question the qualifications of the person who came up with this idea.

The traffic count is unreliable as it doesn't cover the school closing times during the weekday and in Summer W we ellhouse Lame is especially busy with traffic and parked cars for the cricket at the cricket club.

The pond is a breeding ground for mosquitos, flies, bad smells, litter and anti social behaviour possibly. Plenty of children walk on the neighbouring footpath and the pond could be inviting as water draws children towards it and I don't want any potential fatalities.
