Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes

The decision for another application for proposed erection of 75 properties on this land is absolutely beyond belief, given the location and surrounding roads (narrow lanes!!) and proposed access routes. 75 houses generally equates to an additional 150 cars plus !!!
My mother lives so near to Crossley Fields school (corner of Woodward court with Wellhouse lane) and this area alone is absolutely hazardous when it comes to the amount of cars, ridiculous parking at school times, and general access through to main roads !!! I alone have had so many near misses and a very scary experience with cars and school children running into roads around that junction. It has also become a major turning circle in the cul de sac !!
To have the added access route of Hepworth Lane is again a crazy one due to the narrow lane that it filters onto.
Please can all the above be taken into account and have some empathy with the local people that already experience an area of extreme congestion and those roads being used as a rat run too.
Regards
