Do you wish your comments to be published on the website anonymously?	Yes
75 houses in land off Woodward Court will create at least 150 additional cars or alternative motor vehicles; it could be more as older children stay longer with parents than used to be the case. These vehicles will have to use Wellhouse Lane for access via Flash Lane, Jenny Lane or Hepworth Lane, all four of which are both narrow and already congested, particularly at school times (Crossley Fields School is just North of the proposed development). Hepworth Lane is a one-way street and therefore may not be used for exit, leaving only Flash Lane and Jenny Lane. Flash Lane is narrow, a bus route and already regularly congested by parked cars. Jenny Lane, also narrow, exits onto Greenside Road which is also on a bus route, is narrow and again congested by parked cars. We don't need any more cars/vehicles in these areas, school times are already a nightmare, particularly along Flash Lane where my exit road along St. Mary's Ave comes out and also further down on Shillbank Lane. We are heading for gridlock in any or all of these areas if this development is allowed to proceed.
