1) The infrastructure in the area is insufficient to support more housing & the ensuing numbers of cars, people etc. Roads are already saturated even at off peak times.

2) Shortage of school places for the children that would surely come along.

3) There is already a shortage of doctors, dentists and pharmacies in the area.

4) The area has already had extensive development around Mirfield Moor Top and this new development will surely exacerbate the issue of traffic and pollution. The environment is suffering enough, people need green spaces and they are gradually being developed.
This situation cannot be allowed to continue.

5) Council services are stretched to the point of being nonexistent.
This development should not be allowed to go ahead.
