The main title of the application is ‘for a community centre with a small prayer room’. When looking at the actual plans the the area to be used for a prayer room is actually nearly all the downstairs and named ‘Prayer Hall’ This totally contradicts the main application. Also if it is to be used as a community centre surely there will need to be more toilet facilities than in the plans. Finally the car parking area in the plans will definitely not cater for the number of cars outlined.
