Dear Sir/Madam,

I would like to submit some of my objections to the above application.

(1) The Canal Boat parked on the site - that I mentioned in my previous letter - that was not agreed to in the

Previous Application.

According to the present Application this is a temporary Stone and site cabin - though is apperently - (I have no Computer) advertized as accomadation at £140? a night.

(2) The amount of Lights shown on the plan seem excessive and intrusive - its supposed to be a camp site not a motorway rest area.

What wildlife if any - is left will be gone.

(3) The Applicee is apperently planting Hawthorn hedging around the site boundary. Some of the local residents planted screening trees + shrubs on the other side of the track in 2019. they started at

18" tall and have yet to reach 4ft. in height so going on that its likely to take 10-15 years to make a screen. 2.5 metres high.

I trust these comments are of some relevence and will be taken into account.

Yours Sincerely
