About the application

Application number: 2024/91931	
What is the application for?:	Variation of condition 17 (class E use) on previous permission 2021/91887 for de
Address of the site or building:	Former Garages, Smithies Moor Lane, Birstall, Batley, WF17 9AN
Postcode:	SK1 1DH

User comments

Type of comment: A general comment	
Do you wish your comments to be published on the website anonymously?	Yes

I'm not sure what this proposed change actually means but wanted to comment as the deadline is tomorrow.

Not sure why as a resident near this, I did not receive any notifications on this and therefore worry that insufficient comments / objections have been made.

I am concerned that this change will result in evening and weekend use which will disturb residents in the vicinity and cause major traffic problems in terms of speeding and parking, especially as there seems to be insufficient parking in the plans.

Unfortunately Smithies Moor Lane is a rat run towards the main traffic lights and additional cars using the road will cause issues. Due to the location, there is no doubt this will result in extra traffic which surely does not meet environmental targets etc.
