I'm a grandparent who drops and picks up from this child care provider. My second grandchild will hopefully be attending soon. Having both my grandchildren attending the same provider makes it a lot easier and cheaper on travelling costs. My grandchild absolutely loves attending. Having this childcare has been a great comfort and support for myself and my grandchild. My SEN grandchild has been able to create and build relationships with his peers who attend the same school/class. I'm hoping that these relationships will build into long term meaningful and hopefully supportive friendships throughout his learning journey. If this childcare provider was to close down this would make my task of dropping off and picking up very difficult and more expensive in fuel. I do the picking and dropping off to support my daughter in arriving to work on time. Any change would result in the need for my daughter to reduce her working hours to be able to drop and pick up one of the children. We found it very difficult to find childcare of this type in this area due to limited options. This is a fabulous childcare provider and it would be a massive loss.
