To Kirlees Council
Planning and Development
Ref no:- 2025/93355

I:- am
16 Hepworth Close, Mirfield. WF14 0PP

I am formally objecting to this application because Hepworth have is too narrow for more vehicles. I sometimes have to back up onto the main road if a car is coming down in order for me to get home to the above address.
Safety comes first. The increase of traffic risks congestion and accidents, to schoolchildren, eaderly people, dog walkers etc.
The lack of schools, healthcare, drainage
The effects on wildlife.
I love to walk my dog as I have and I would loose that pleasure.
