<p>This application should not be granted. This site is an historical and archaeological hill. In the past Kirklees recognised it's importance and previously refused an application. What has changed? The road up to Castle Hill is unsuitable for extra traffic and would be downright dangerous with a hotel to service. Roads leading to Castle Hill are also narrow and twisted Very few people support this scheme whilst hundreds are against it. Surely this area is Green Belt. A previous development using the original property was granted and for many reasons had to be demolished surely a Contemporary structure should be turned down immediately as it is not in keeping with the surroundings and this historic site.</p>
