I strongly support the planning application for Waverley House Mosque (Ref: 2026/92173).

Waverley House is much more than a place of worship; it is an essential part of our local community. It provides a place for daily and Friday prayers, children's Islamic education, youth development, women's activities and social support.

It brings families together, strengthens community relationships, supports people during difficult times and helps reduce isolation. It also provides younger generations with a positive environment to learn good values, respect and responsibility.

The mosque makes a valuable contribution to the lives of local residents and the wider Huddersfield community. I sincerely hope Kirklees Council will recognise its importance and support this application so these valuable services can continue.
