I fully support the Iman Community Association, based at Waverley House, Waverley Road, Huddersfield, HD1 5NA.

The association provides an important service to the local community and offers much more than a place for religious activities. It creates a welcoming space where people from different backgrounds can come together, build relationships, support one another and feel part of the community.

It plays a valuable role in supporting families, engaging young people and promoting positive values such as respect, understanding, inclusion and community spirit.

Facilities like this are vital for creating stronger and more connected communities. I believe the association makes a positive difference to the lives of local residents and deserves the opportunity to continue its work.

I strongly encourage Kirklees Council to recognise the importance of this organisation and support a solution that enables it to remain open and continue benefiting the people of Huddersfield.

I am fully in favour of this application.
