Dear Ms Booth,
Re 2026/92318 Extensions and alterations at Liversedge Cricket Club

Spen Valley Civic Society discussed this application at its October meeting and I submitted comments online before 12th October but cannot see them online.
I appreciate that the consultation period has finished but would be grateful if you could add our comments to your website. They are supporting comments, and SVCS does not need its name redacting.

"Spen Valley Civic Society supports this application for the following reasons:
1. The extensions are minimal and add little to the existing footprint of the clubhouse.
2. As they are single-storey and have only small, high-level windows, the extensions will not adversely affect the residential amenity of neighbouring houses.
3. The addition of female changing rooms is important because it will allow female teams to use the club, and will give equality of opportunity to local women and girls who want to play sport.
4. The reconfiguration of the clubhouse with a better kitchen will enable the club to extend its offer as a community hub and social space for Roberttown residents, and will improve the facilities the club can offer to visiting teams."

Many thanks in anticipation of your help,

Secretary, Spen Valley Civic Society
