## APPENDIX B

This appendix lists all counter objections to the proposed changes to the deposit draft plan formally published by the Council. Where the objection was made on behalf of an organisation, that is the name used in the list, with the person submitting the form recorded at the end. The details included are:

Column 1	Objection number	
Column 2	Name of Objector	
Column 3	The site, policy or proposal to which the proposed change and related objection apply	
Column 4	Status:	W -objection withdrawn unconditionally CW -objection conditionally withdrawn PCW -the Council has formally resolved to delete the proposed change
Column 5/6	Report Section(s)	-the section or sections within the report where the objection is dealt with

Note - Counter objections recorded as "general" are for the most part concerned with the proposed changes approved in November 1994 as a whole and have been substantially satisfied by the Council's subsequent revocation of many of the changes to principal land allocations. Specific reference is not made to these general objections in the report. Those general counter objections which contain specific arguments relevant to the consideration of issues in the report have been indexed accordingly.
