Planning Area 24: Batley, Birkenshaw, Birstall & Gomersal

Contains Ordnance Survey data © Crown Copyright and database right 2023

- Batley Girls' High School Visual Arts College
- Batley Grammar School
- BBG Academy
- Upper Batley High School

**Overview:** Table B on page 224 and the chart on page 222 illustrate that the future year 7 cohort size of young people resident in this planning area will continue to decline with some fluctuations. In the wider area of North Kirklees, there has been a period of high demand where a significant number of planned bulge places were required. Beyond 2024, it is likely that far fewer bulge places, if any, will be needed.

There are two schools in this planning area that offer single gender provision which are Batley Girls' High School and Upper Batley High School. There is co-educational provision at Batley Grammar School and BBG Academy. This planning area is adjacent to two neighbouring local authorities and there has been a well-established trend of outward migration of secondary aged pupils to Leeds with some inward flow from Bradford. Part of this planning area is in the priority admission area of Whitcliffe Mount, A SHARE Academy which accounts for some of the movement of pupils to Cleckheaton, Heckmondwike, Liversedge & Mirfield (planning area 25).

**In 2022/23** At national offer day, Batley Girls' High School, Batley Grammar School, BBG Academy and Upper Batley High School were all full. Upper Batley High School and Batley Girls' High each offered an additional 10 bulge places over PAN, taking the number of places offered at Batley Girls' High School to 243 and at Upper Batley High School to 160.

**In 2023/24** At national offer day, Batley Girls' High School, Batley Grammar School, BBG Academy and Upper Batley High School were all full. Again, Batley Girls' High School and Upper Batley High School each offered an additional 10 bulge places, taking the number of places offered at Batley Girls' High School to 243 and at Upper Batley High School to 160. The pattern of pupil distribution illustrates that around 61% of children that live in this planning area attend schools in the area, around 18% are securing places in neighbouring planning areas, particularly Cleckheaton, Heckmondwike, Liversedge & Mirfield and Dewsbury, and around 14% attend schools in other local authorities. Around 24% of pupils attending schools here are from neighbouring planning areas and 3% from other LAs.

**For 2024, 2025 and 2026** NHS population data suggest a continuing decline. Population recovers slightly in 2026, but not above previous levels, and continues to decline thereafter.

Given the complex pattern of provision across the borough and the pupil distribution trends, a strategic approach has been taken across a wider geographical area. The North Kirklees planning areas of Cleckheaton, Heckmondwike, Liversedge, Mirfield and Dewsbury are being considered together in terms of growth in demand and solutions to address this.

In the period leading up to the 2022 population peak there was high demand for places in the wider area of North Kirklees. Through the goodwill and collaboration of the Kirklees school system, this was managed by the carefully planned introduction of bulge places rather than the introduction of a new school. These bulge classes are still working their way through the school system and this does continue to present some challenges to in-year pupil movement. However, the pressure on Year 7 places will begin to ease as the population declines.

There is one housing development in this planning area where building work on approximately 320 dwellings has commenced and is expected to be complete in around seven years. Looking longer term (+5 years), there is a strategic development site in the Kirklees Local Plan on the border of this planning area and the Dewsbury planning area. The demand for places

generated by this will need monitoring over a number of years, alongside the expected decline in population.

Place planning summary for Planning Area 24. Batley, Birkenshaw, Birstall & Gomersal									
Place planning data for five cohorts of children: Years 7,8,9, From NHS Oct 2022 and School Census Jan 2023 Note numbers in [square brackets] show the <b>average</b> num									
<ul> <li>4509 [902] children live in this PA (NHS)</li> <li>2742 [548] go to schools in this PA</li> <li>791 [158] go to schools in other Kirklees PAs</li> <li>70 [14] go to schools in non-mainstream provisions</li> <li>610 [122] go to schools in other LAs</li> <li>296 [59] are unknown</li> </ul>	<ul> <li>3747 [749] children go to school in this PA (Census)</li> <li>2742 [548] Live in this PA</li> <li>898 [180] Live in other PAs</li> <li>107 [21] Live outside Kirklees</li> </ul>								
Average number of places used per year group Number of Year 7 places available Trend in number of children living in this PA per year group	749 753 Slight decline with fluctuations								
Place planning strategy (assuming current patterns of migration, housing occupancy, parental preference etc) Based on population data the projected need for places is within the capacity of available places On balance, more children travel IN to schools in the PA from neighbouring PAs than travel out to schools in other PAs In the wider area of North Kirklees, there has been a period of high demand where a significant number of planned bulge places were required. In future, it is likely that far fewer bulge places,									

if any, will be needed.

Tables E(i) to E(iii) below show how Year 7 places were allocated in this planning area at each of the last three National Offer Days, compared to the number of Year 7 places available at each school and the number of applicants resident in each school's Priority Admission Area (PAA). Blanks in the tables indicate a school does not have a PAA.

#### Table E(i)

Batley Girls' High School and Upper Batley High School each offered an additional 10 bulge places over PAN.

				Place al	located				
2023/24	No of Places	Total No of applicants living in PAA	Resident in Priority Admission Area allocated	Resident in Planning Area allocated	Resident outside Planning Area allocated	TOTAL No of places allocated	Resident in Priority Admission Area allocated	Resident in Planning Area allocated	Resident outside Planning Area allocated

# Planning Area 25: Cleckheaton, Heckmondwike, Liversedge & Mirfield

Contains Ordnance Survey data © Crown Copyright and database right 2023

- Castle Hall Academy
- Heckmondwike Grammar School
- Spen Valley High School
- The Mirfield Free Grammar
- Whitcliffe Mount, A SHARE Academy

**Overview:** Table B on page 224 and the chart on page 222 illustrate that the future year 7 cohort sizes of young people resident in this planning area show to decline steadily. In the wider area of North Kirklees, there has been a period of high demand where a significant number of planned bulge places were required. Beyond 2024, it is likely that far fewer bulge places, if any, will be needed.

Geographically located in this planning area are the following: Heckmondwike Grammar School, a selective academy with a sixth form that has a pupil population residing across Kirklees and beyond; Spen Valley High School, situated in Liversedge, and Whitcliffe Mount, A SHARE Academy, situated in Cleckheaton; and Castle Hall Academy and The Mirfield Free Grammar, both located in Mirfield. The Mirfield Free Grammar also has a sixth form.

This planning area is adjacent to two neighbouring local authorities, Calderdale and Bradford, and there continues to be inward migration of pupils from these areas accessing secondary education in Kirklees.

**In 2022/2023** on national offer day all Y7 places were full, with the exception of Castle Hall Academy. Additional capacity as a bulge year was added in this planning area, with an additional 15 places at Castle Hall Academy. Heckmondwike Grammar School admitted over PAN by 30 places to 210, as it has done for a number of years. Spen Valley High School offered an additional 10 places above its PAN of 190 to admit 200 pupils. The Mirfield Free Grammar once more offered an additional 29 places over their PAN of 221 to admit 250 pupils.

**In 2023/24** additional capacity as a bulge year was added in this planning area, with an additional 10 places at Castle Hall Academy. Heckmondwike Grammar School again offered an additional 30 places over PAN to 210. On national offer day all Y7 places were full, with the exception of Castle Hall Academy and a small number of the additional places at Heckmondwike Grammar School, which filled soon after.

The pattern of pupil distribution illustrates that around 75% of children that live in this planning area attend schools in the area, whilst 15% are securing places in neighbouring planning areas, particularly Dewsbury and Batley, Birstall, Birkenshaw and Gomersal. There is a large number of pupils, around 24%, attending school here from neighbouring planning areas, with a smaller percentage of around 11% from other local authorities (mainly children living in Leeds attending Heckmondwike Grammar School).

**For 2024, 2025 and 2026** NHS population data indicate a steadily declining trend. There will remain sufficient capacity to meet local demand. Given the large net influx of children from surrounding areas, particularly from Dewsbury and the selective nature of some local provision, this area needs to remain under review.

In the period leading up to the 2022 population peak there was high demand for places in the wider area of North Kirklees. Through the goodwill and collaboration of the Kirklees school system, this was managed by the carefully planned introduction of bulge places rather than the introduction of a new school. These bulge classes are still working their way through the school system and this does continue to present some challenges to in-year pupil movement. However, the pressure on Year 7 places will begin to ease as the population declines.

There are two sites with planning permission for 425 dwellings planned where development has not yet started. There are a further three sites totalling 355 dwellings where development has commenced and should be complete in around two years.

Looking longer term (+5 years), there is a strategic development site in the Kirklees Local Plan on the border of this planning area and the Dewsbury planning area. The demand for places generated by this will need monitoring over a number of years, alongside the expected decline in population.

Place planning summary for Planning Area 25. Cleckheaton, Heckmondwike, Liversedge & Mirfield

## Planning Area 26: Colne Valley

Contains Ordnance Survey data © Crown Copyright and database right 2023

Colne Valley High School

**Overview:** Table B on page 224 and the chart on page 222 illustrate that the future year 7 cohort sizes of young people resident in this planning will on balance slightly decline, with some fluctuations. Colne Valley High School serves a wide geographical area made up from rural and semi-rural areas.

In 2022/23 on national offer day there were no vacancies.

In 2023/24 on national offer day there were, again, no vacancies.

There remains modest pupil movement in and out of the planning area. This is partly attributed to the children living in this planning area who were formerly pupils at Lily Park, a SHARE Primary Academy. In October 2022, the Regional Schools Commissioner approved a proposal by SHARE Multi-Academy Trust to discontinue the provision of primary education at Lily Park. Lily Park was part of Royds Hall, an all-through school with an age range of 4-16 years situated in the Huddersfield South West primary planning area. Following the RSC's decision, all Royds Hall's primary provision has been delivered from its Luck Lane site in the Huddersfield South West planning area.

Pupils who were on roll at Lily Park were offered places at Luck Lane, a SHARE Academy. The former Priority Admission Area for Lily Park became the Priority Admission Area for Luck Lane with effect from 2023/24.

Because Royds Hall is an all-through school, pupils on roll in its primary phase have had an automatic right to continue their education in its secondary phase. However, in October 2023, the DfE Regional Director (formerly the Regional Schools Commissioner) approved a proposal by SHARE Multi-Academy Trust to de-amalgamate Luck Lane and Royds Hall to create two separate schools. This change, which is not expected to take place until after National Offer Day 2024, will mean pupils at Luck Lane will no longer automatically be allocated a place at Royds Hall, although they will still be of high priority for a place according to its oversubscription criteria.

The pattern of pupil distribution illustrates that 77% of children who live in this planning area attend schools in the area, whilst 13% are securing places in neighbouring planning areas. 18% of pupils attending school here are from neighbouring planning areas.

**For 2024, 2025 and 2026** NHS population data suggests a slight decline in population. Beyond this period, there is evidence to suggest a future population peak in 2027 only. There is one site with planning permission for 125 dwellings that has commenced and is expected to be complete in around three years. It is not anticipated there is a need for establishing additional places.

Tables E(i) to E(iii) below show how Year 7 places were allocated in this planning area at each of the last three National Offer Days, compared to the number of Year 7 places available at each school and the number of applicants resident in each school's Priority Admission Area (PAA). Blanks in the tables indicate a school does not have a PAA.

### Planning Area 27: Denby Dale, Kirkburton & Shelley

Contains Ordnance Survey data © Crown Copyright and database right 2023

- Kirkburton Middle School
- Scissett Middle School
- Shelley College, A SHARE Academy

**Overview:** Three tier system analysis within this section demonstrates the demand for secondary places from young people resident in this planning area will decline overall, albeit with some fluctuations.

Serving a semi-rural area of the local authority adjacent to Barnsley LA, this planning area has a three-tier system of education. There are two middle schools, with the normal transfer being at age 10 (into year 6) at Scissett Middle School and Kirkburton Middle School, and then at age 13 (into year 9) at Shelley College, A SHARE Academy which has sixth form provision.

**In 2022/23** at national offer day there were no vacancies in year 6 at either middle school. Scissett Middle School offered an additional 5 places over its PAN of 195 to admit 200 children in order to accommodate children on roll at feeder first schools, before its PAN increased permanently to 200 from 2023/24. Kirkburton Middle School offered 1 additional place over its PAN of 167 because the last qualifying children were twins. There were no vacancies in year 9 at Shelley College, which offered an additional 3 places over its PAN of 360 to admit 363 children.

**In 2023/24** at national offer day there were a very modest number of vacancies in year 6 at both middle schools. Scissett Middle School increased its PAN permanently to 200 from 2023/24. There were also vacancies in year 9 at Shelley College.

There is a mismatch between first school places (KS1 371 and KS2 378) and the secondary places (middle 367 and high 360). A contributing factor to this mismatch has been historic decisions by some own admission authority first schools to increase their PANs and/or admit over PAN. The middle and high schools have been flexible in admitting over PAN to accommodate local families, but this has created some challenges for them.

The pattern of pupil distribution illustrates that, based on year 7 to 11 at January 2023 census, around 85% of children who live in this planning area attend schools in the area, whilst 4% are securing places in neighbouring planning areas. 9% of pupils attending schools here are from neighbouring planning areas, with a smaller percentage of around 3% from other local authorities.

Additional analysis focused on admission data (Table 27 C page 221) at the transition points in the three-tier system suggests that relatively few children are being allocated schools in this area from outside the area. However, this fluctuates from year to year and there have been a number of successful appeals following the initial allocations.

**For 2024, 2025 and 2026** the NHS population data indicate a broadly static trend to 2025 in Year 6 middle school cohorts. Beyond this, further population decline is expected. Following a declining population trend for Y9 high school cohorts since 2021, NHS population data indicate a period of higher demand in 2024 and 2025. Beyond this period there are indications of further population decline.

Again, specific analysis relating to the three-tier system has been provided, focusing on population (Table 27 B page 220) and pupils already on roll in the system (Table 27 A page 219).

The current pupil on roll modelling (January Census 2023) assumes children in the first schools will move through the three-tier system regardless of where they live. This modelling indicates a similar trend in middle school pupil numbers to the population model, i.e. numbers follow a broadly static trend towards 2025, before declining further. For the high school, the modelling indicates a two-year peak in the number of children transferring from middle school in 2024 and 2025. Beyond this period, numbers are expected to decline. Taking this modelling into account, the combined demand for Year 9, 10 and 11 places reaches a peak in 2025 of 1,112 versus a high school capacity of 1,080 places. There may, therefore, be a need to consider some additional high school bulge places on a temporary basis.

There are two housing developments, one where building has commenced with 190 dwellings that is expected to be completed in around three years and one with approximately 50 dwellings where building hasn't commenced.

Place planning summary for Planning Area 27. De	nby Dale, Kirkburton & Shelley							
Place planning data for five cohorts of children: Years 7,8,9,	10,11							
From NHS Oct 2022 and School Census Jan 2023								
Note numbers in [square brackets] show the average num	ber of children per year group							
1893 [379] children live in this PA (NHS)	1819 [364] children go to school in this PA (Census)							
<ul> <li>1612 [322] go to schools in this PA</li> </ul>	<ul> <li>1612 [322] Live in this PA</li> </ul>							
<ul> <li>82 [16] go to schools in other Kirklees PAs</li> </ul>	• 160 [32] Live in other PAs							
<ul> <li>14 [3] go to schools in non-mainstream provisions</li> </ul>	• 47 [9] Live outside Kirklees							
31 [6] go to schools in other LAs								
<ul> <li>154 [31] are unknown</li> </ul>								
Average number of places used per year group 364								
Number of Year 7 places available	367							
Trend in number of children living in this PA per year group	Decline with fluctuations for both							
	Y6							
	and Y9							
Place planning strategy (assuming current patterns of migra preference etc)	tion, housing occupancy, parental							
<ul> <li>Based on population data the projected need for place</li> <li>places</li> </ul>	es is above the capacity of available							
• On balance, more children travel IN to schools in the PA from neighbouring PAs than travel out to schools in other PAs								
<ul> <li>There has been pressure in the transition from first to middle schools partly caused by the mismatch of PANs. This is now having an impact on the high school, meaning some additional bulge places may be required. Future demand will be kept under review in light of the current housing development.</li> </ul>								

Table C. PAN 2024/25						
First School	KS1	371				
	KS2	378				
Middle School		367				
High School		360				

Table C shows the number of places that will be made available in 2024/25 in the three-tier system across all Key Stages.

# Table 27 B. Number of children in the planning area based on NHS October 2022working through the three-tier system.

The first table shows the number of pupils in each cohort resident in the planning area for the school year 2022/23 based on NHS population data October 2022. The following illustrations model these existing pupils moving from the first school phase to the middle school phase and then onto the high school phase.

### Planning Area 28: Dewsbury

Contains Ordnance Survey data © Crown Copyright and database right 2023

- Manor Croft Academy
- St John Fisher Catholic Voluntary Academy
- Thornhill Community Academy, A SHARE Academy
- Westborough High School

**Overview:** Table B on page 224 and the chart on page 222 illustrate that the demand for year 7 places from young people resident in this planning area will be broadly static towards 2025 before declining (although the scale of future house-building may change this). In the wider area of North Kirklees, there has been a period of high demand where a significant number of planned bulge places were required. Beyond 2024, it is likely that far fewer bulge places, if any, will be needed.

Located in the Dewsbury planning area, St John Fisher Catholic Voluntary Academy is a faith school with a pupil population residing across North Kirklees and beyond. The school offers sixth form provision. Westborough High School is located in the Dewsbury West part of the planning area; Manor Croft Academy is located in the Dewsbury East part of the planning area and borders the neighbouring authorities of Leeds and Wakefield. Thornhill Community Academy, A SHARE Academy is located in the Dewsbury South part of the planning area and is adjacent to Wakefield local authority.

**In 2022/23** Working closely with schools in this area, 80 additional places were added as a bulge year:

- Manor Croft Academy +30 on a PAN of 180 to 210
- Thornhill Community Academy, A SHARE Academy +30 on a PAN of 180 to 210
- Westborough High School +20 on a PAN of 180 to 200

At national offer day there were a very small number of vacancies at Thornhill Community Academy, A SHARE Academy.

**In 2023/24** Working closely with schools in this area once again, 80 additional places were added as a bulge year:

- Manor Croft Academy +30 on a PAN of 180 to 210
- Thornhill Community Academy, A SHARE Academy +30 on a PAN of 180 to 210
- Westborough High School +20 on a PAN of 180 to 200

At national offer day all schools were full, apart from St John Fisher Catholic Voluntary Academy which had one vacancy.

The pattern of pupil distribution illustrates that 60% of children that live in this planning area attend schools in the area. 24% are securing places in neighbouring planning areas, particularly in single gender provision in the Batley, Birstall, Birkenshaw and Gomersal planning area, and also at schools in the Cleckheaton, Heckmondwike, Liversedge and Mirfield planning area. There are around 18% of pupils who are attending schools here from neighbouring planning areas, with a much smaller percentage of around 1% from other LAs.

**For 2024, 2025 and 2026** NHS population data indicates that demand will be broadly static towards 2025; thereafter demand is expected to decline. There are fewer places in this planning area than resident children, however, there are well established patterns of pupil movement into neighbouring planning areas and to other LAs. Factors influencing this movement include parental choice for single gender provision in Batley and the popularity of schools in the Cleckheaton, Heckmondwike, Liversedge and Mirfield planning area.

In the period leading up to the 2022 population peak there was high demand for places in the wider area of North Kirklees. Through the goodwill and collaboration of the Kirklees school system, this was managed by the carefully planned introduction of bulge places rather than the introduction of a new school. These bulge classes are still working their way through the school system and this does continue to present some challenges to in-year pupil movement. However, the pressure on Year 7 places will begin to ease as the population declines.

There is a housing development in this planning area providing 280 dwellings that has commenced and is due to be complete in around five years. There are two strategic development sites in the Kirklees Local Plan in this planning area. Given the concentration of housing development in this planning area, there is a risk that, even with the expected population decline, demand for places will exceed the available capacity. A strategic decision was made in 2021 to introduce a modest number of permanent places (30 per year group) at Manor Croft Academy to manage the previous population peak and future demand generated by these two sites.

# Planning Area 29: Holme Valley, Honley & Meltham

Contains Ordnance Survey data © Crown Copyright and database right 2023

- Holmfirth High School
- Honley High School

**Overview:** Table B on page 224 and the chart on page 222 illustrate that the future year 7 cohort sizes of young people resident in this planning area are expected to continue to decline.

Holmfirth High School and Honley High School are popular schools accommodating pupils from other planning areas where parents express a preference.

In 2022/23 at national offer day all places at both Honley High School and Holmfirth High School were allocated

**In 2023/24** at national offer day all places at Holmfirth High School were allocated and there was one place unallocated at Honley High School. Additional capacity was added as a bulge year in this planning area, with each of the two schools offered an additional 15 places over PAN. Post-national offer day, but before the initial round of reallocations, a further three bulge places were introduced at each school taking the number of places offered at Holmfirth High School to 282 and at Honley High School to 273. This bulge helped to manage a single year localised population peak which aligned with wider pressures across South Kirklees.

The pattern of pupil distribution illustrates that around 88% of children who live in this planning area attend schools in the area, whilst 4% are securing places in neighbouring planning areas. 22% of pupils attending school here are from neighbouring planning areas.

**For 2024, 2025 and 2026** population data suggest that, from a small peak in 2023, basic need demand for places from those living in the planning area will continue to steadily decline. There are more places available than the numbers of pupils living in in this planning area, therefore, there will remain sufficient places available even when future house building is taken into account. There are two housing development sites in the area where building is underway, totalling approximately 150 dwellings which are expected to be completed in 2024. There is also a development where building has not yet commenced on 137 dwellings. There is no need for additional places.

# Planning Area 30: Huddersfield North & West

Contains Ordnance Survey data © Crown Copyright and database right 2023

- ✤ All Saints Catholic College, Specialist in Humanities
- North Huddersfield Trust School
- Royds Hall, A SHARE Academy
- Salendine Nook High School Academy

**Overview:** Table B on page 224 and the chart on page 222 illustrate that the future year 7 cohort size of young people resident in this planning area is broadly static, albeit with some significant fluctuations.

Located in North Huddersfield, All Saints Catholic College has a pupil population residing across South Kirklees and beyond into Calderdale. North Huddersfield Trust School is also located in North Huddersfield. This school has experienced increasing pupil numbers. Royds Hall, A SHARE Academy is currently an all-through 4-16 school located to the south of the planning area. However, in October 2023, the DfE Regional Director (formerly the Regional Schools Commissioner) approved a proposal by SHARE Multi-Academy Trust to de-amalgamate to create two separate schools: Luck Lane (primary provision) and Royds Hall (secondary provision). This change, which is not expected to take place until after National Offer Day 2024, will mean pupils at Luck Lane will no longer automatically be allocated a place at Royds Hall, although they will still be of high priority for a place according to its oversubscription criteria. Salendine Nook High School is located to the north-west of this planning area.

**In 2022/23** at national offer day all Y7 places were allocated at all schools. 30 additional places were created as a bulge at North Huddersfield Trust School PAN 180 +30 = 210.

**In 2023/24** at national offer day all Y7 places were allocated at all schools. Once again 30 additional places were created as a bulge at North Huddersfield Trust School PAN 180 +30 = 210. Salendine Nook High School also admitted over PAN by 10 from 275 to 285. The pattern of pupil distribution illustrates that around 62% of children who live in this planning area attend schools in the area. 10% are securing places in neighbouring planning areas, while 17% attend schools in other LAs, largely Calderdale. 11% of pupils who attend schools here are from neighbouring planning areas, with a smaller percentage of around 4% from other LAs.

**For 2024, 2025 and 2026** population data suggest the population peak experienced for the last four years will now start to become broadly static, albeit with some significant fluctuations. These include a notable dip in 2024 and, beyond this period, a peak in 2027. Despite these fluctuations, demand is expected to remain high. An important factor affecting future demand for places in this planning area will be changing cross-border movement to Calderdale.

Due to the expected high demand for places and the impact of housing development in Huddersfield North and West, a need for a modest number of additional places on a more permanent basis was identified in previous place planning documents. This has led to a strategic decision by Kirklees Cabinet to invest capital at North Huddersfield Trust School to support a permanent increase of 30 places per year group over time.

There are four housing development sites in the area where building is underway. One site with around 100 dwellings is expected to be completed in 2023. The remaining three sites totalling approximately 575 dwellings are expected to take around three years to complete. There is also a strategic development site in the Kirklees Local Plan in this planning area.

Despite some signs of population becoming broadly static in this planning area, consideration needs to be given to the combined impact that significant house-building and potential changes in cross-border movement to Calderdale may have on generating further demand for

secondary places. Therefore, in addition to the permanent places planned at North Huddersfield Trust School, the need to introduce more secondary school places in the future cannot be ruled out. For this reason, this planning area will remain under constant review.

From	e planning data for five cohorts of children: Years 7,8,9, NHS Oct 2022 and School Census Jan 2023 numbers in [square brackets] show the <b>average</b> num	
•	[1119] children live in this PA (NHS) 3473 [695] go to schools in this PA 560 [112] go to schools in other Kirklees PAs 73 [15] go to schools in non-mainstream provisions 943 [189] go to schools in other LAs 545 [109] are unknown	<ul> <li>4077 [815] children go to school in this PA (Census)</li> <li>3473 [695] Live in this PA</li> <li>449 [90] Live in other PAs</li> <li>155 [31] Live outside Kirklees</li> </ul>
Numb	age number of places used per year group ber of Year 7 places available I in number of children living in this PA per year group	815 807 Broadly static with fluctuations
	e planning strategy (assuming current patterns of migra rence etc) Based on population data the projected need for plac places On balance, more children travel OUT to schools in o PA With a large number also travelling OUT to schoo In light of future housing developments, including a st cross-border movement, the need to introduce more	es is above the capacity of available ther PAs than travel in to schools in this ls in neighbouring LAs rategic development site, and alongside

King James's School

Netherhall Learning Campus High School

**Overview:** Table B on page 224 and the chart on page 222 illustrate that the future year 7 cohort size of young people resident in this planning area will continue to decline slightly overall, albeit with some fluctuations.

Netherhall Learning Campus High School is part of an all-through federation with Netherhall St James C of E (VC) Infant and Nursery School and Netherhall Learning Campus Junior School. The school also incorporates the Kirklees Creative and Media Studio School with a 14-19 offer on site. King James's School is located in the southern part of the planning area serving Lepton, Kirkheaton, Grange Moor and Almondbury. The secondary phase of Almondbury Community School was removed from 1 September 2020 following a statutory process. Since this time, King James's School has been admitting over PAN to 210. Its PAN permanently increased from 186 to 210 from 2023/24 after a new block of classrooms was added.

**In 2022/23** at national offer day all Y7 places were allocated at both schools. King James's School continued to admit over PAN to 210 and Netherhall Learning Campus High School admitted 145 pupils.

**In 2023/24** at national offer day all Y7 places were allocated at both schools. Additional capacity was added as a bulge year in this planning area, with King James's School offering five places above its PAN of 210 to 215 and Netherhall Learning Campus High School offering 15 places above its PAN of 145. Post-national offer day, but before the initial round of reallocations, a further five bulge places were introduced at Netherhall Learning Campus High School School taking the number of places offered to 165.

The pattern of pupil distribution illustrates that around 66% of children who live in this planning area attend schools in the area, whilst 22% are securing places in neighbouring planning areas. 7% of pupils who are attending schools here are from neighbouring planning areas.

**For 2024, 2025 and 2026** population data suggest a slightly declining trend with a more significant dip in 2025 only. There are established trends of pupils resident in this planning area accessing a school place in surrounding planning areas.

Longer term, the declining population trend may be lessened by the impact of future Local Plan housing developments in this and neighbouring planning areas. There is no need for additional places.

# Planning Area 32: Huddersfield South West

Contains Ordnance Survey data © Crown Copyright and database right 2023

- Moor End Academy
- Newsome Academy

**Overview:** Table B on page 224 and the chart on page 222 illustrate that the future year 7 cohort size of young people resident in this planning area is expected to be broadly static, with some fluctuations.

Newsome Academy is situated to the east of the planning area and Moor End Academy to the west of the planning area.

**In 2022/23** at national offer day all places were allocated at Moor End Academy and Newsome Academy had a number of vacancies.

**In 2023/24** additional capacity as a bulge year was added in this planning area, with an additional 10 places at Newsome Academy over its PAN of 180. At national offer day all places were allocated at Moor End Academy and Newsome Academy had a very small number of vacancies. Post-national offer day, but before the initial round of reallocations, a further five bulge places over a PAN of 210 were introduced at Moor End Academy taking the number of places offered to 215.

The pattern of pupil distribution illustrates that around 62% of children who live in this planning area attend schools in the area, whilst 27% are securing places in neighbouring planning areas. 21% of pupils attending school here are from neighbouring planning areas.

For 2024, 2025 and 2026 NHS population data continue to suggest a broadly static position.

There are two housing sites in this area where development has commenced. One site providing 200 dwellings is expected to be complete in 2024, with a second site providing 250 dwellings expected to be in around three years. There is a further large housing development site providing 770 dwellings where building has not yet commenced, along with another significant housing development site proposed in the Local Plan, both of which could impact this planning area and require additional places in the future.

Place planning summary for Planning Area 32. Hu	ddersfield South West
