Kirklees Council
(Off Street Parking Places) (No. ~~1XXX~~) Order 2018

Statement of Reasons for proposing to make the Order

One of Kirklees Council priorities includes the regeneration of North Kirklees. Improving transport makes it easier for businesses to succeed and for people to access work. Dewsbury Railway Station is a key economic asset for the town however the station provides an unattractive and poor sense of arrival into Dewsbury.

Further to this, the council noticed that at peak times the area directly to the side of the entrance of Dewsbury Railway Station was congested which impacted on pedestrians, commuter vehicles and those dropping off or picking up from the station. To overcome these issues a new layout of the car park has been designed, this will allow vehicles to drop off and pick up in a safe manner without impacting on pedestrian safety or other users of the car park.

Alongside the physical change to part of the car park layout, we are also taking the opportunity to introduce a small number of free limited waiting spaces and a designated loading area. It is important to stress that the car park charges will remain unchanged.

It is believed these proposals are in the interest of Dewsbury as a whole and will enhance visitor experience.
