

**KIRKLEES COUNCIL
(TRAFFIC REGULATION) (NO15) ORDER 2017**

PROPOSED 7.5 TONNE WEIGHT RESTRICTION

**MILL FOREST WAY / HILL RISE / REGENT MEWS / HEATH GROVE /
PHOENIX COURT / OAKLANDS DRIVE**

Statement of reasons for proposing to make this order.

A number of complaints have been received that HGV drivers regularly use the above roads/streets to turn around which results in road congestion and damage to properties on the route.

To resolve this problem it is planned to introduce a 7.5 tonne weight restriction on the full length of Mill Forest Way from a point of 130m north of its junction with Grange Road/Challenge Way and the full lengths of Heath Grove, Hill Rise, Regent Mews, Phoenix Court and Oaklands Drive.

It is believed these changes will alleviate congestion and maintain access and improve road safety for all road users. It is also believed that this will stop any further damage caused to properties by HGVs.

SCHEDULE

Prohibition of Vehicles over 7.5 tonnes maximum weight.

Column 1 Road to which prohibition applies	Column 2 Length of road to which prohibition applies
1. Mill Forest Way	From a point of 130m from the junction of Grange Road/Challenge Way
2. Hill Rise	The whole
3. Regent Mews	The whole
4. Heath Grove	The whole
5. Oaklands Drive	The whole
6. Phoenix Court	The whole
