

PUBLIC RIGHTS OF WAY PRIORITY MATRIX FOR APPLICATIONS MADE UNDER SCHEDULE 14 OF THE WILDLIFE AND COUNTRYSIDE ACT 1981

		Factor	Points
Criterion 1 The application route	1	Adds a missing or strategic link to the PROW network	
	2	Contributes significantly to ROWIP Priorities/Objectives	
	3	A route that provides access to a wide section of the public	
	4	Provides a safe alternative to a road for users	
	5	Route is threatened by development works or other activities that may cause it to be destroyed or obstructed (2 points)	
	6	Enables users to link to other parts of the wider transportation network	
	7	Is historically important, scenically interesting; is, or provides a link to, a National Trail or an important leisure route.	
	8	One point to be deducted for each of the lower priority categories a) That are not in the public interest eg because of safety issues b) For downgrading c) For deletion d) Where a suitable PROW already exists and is well used	
Criterion 2 Application evidence		Weak application – Less than 6 evidence forms, little other evidence (0 points)	
		Fairly robust - 6 to 15 evidence forms, several items of other evidence (2 points)	
		Strong application - 16 or more evidence forms, extensive amount of other evidence or common law (4 points)	
		One additional point to be added if both the user evidence and other documentary evidence are high quality	
Criterion 3 Other relevant factors	1	Associated with definitive map and statement anomaly	
	2	Potential to secure the co-operation of the landowner to register the route by other means	
	3	High proportion of witnesses are of advanced years	
	4	Age of application (1 point for each complete 5 years; max. 4 points)	
Minimum total score is zero
