**Note:** \* The occupancy rating provides a measure of under-occupancy and overcrowding. For example; a value of -1 implies that there is one room too few and that there is overcrowding in the household. The occupancy rating assumes that every household; including one person households, requires a minimum of two common rooms (excluding bathrooms).

\* A dependent child is a person in a household aged 0 - 15 (whether or not in a family) or a person aged 16-18 who is a full-time student in a family with parent(s).

\*\* For the Census; part-time is defined as working 30 hours or less a week. Full time is defined as 31 or more hours a week.

\*\*\* For the purposes of this table; a lone parent is defined as a parent with a dependent child living in a household with no other persons (whether related to that dependent child or not). This definition is to be distinguished from the standard definition of a lone parent used in other tables.

# 1991 Census lone parent households contain children aged 0-15 NOT dependent children 0-18

Cells in this table have been randomly adjusted to avoid the release of confidential data.

\* A dependent child is a person in a household aged 0 - 15 (whether or not in a family) or a person aged 16-18 who is a full-time student in a family with parent(s).

\*\* For the Census; part-time is defined as working 30 hours or less a week. Full time is defined as 31 or more hours a week.

\*\*\* For the purposes of this table; a lone parent is defined as a parent with a dependent child living in a household with no other persons (whether related to that dependent child or not). This definition is to be distinguished from the standard definition of a lone parent used in other tables.

# 1991 Census lone parent households contain children aged 0-15 NOT dependent children 0-18
