Dear Sir

**TOWN AND COUNTRY PLANNING ACT 1990, Section 62**  
**TOWN AND COUNTRY PLANNING (APPLICATIONS) REGULATIONS 1988, Regulation 4**  
**TOWN AND COUNTRY PLANNING (DEVELOPMENT MANAGEMENT PROCEDURE)**  
**(ENGLAND) ORDER 2015 Article 34**

I refer to your planning application received on 23-Jul-2015 for Part demolition and conversion of mill to form 18 residential units at Warwick Mills, Warwick Road, Batley, WF17 6BS, application number 2015/62/92343/E.

Section 62 and Regulation 4 enables a Local Planning Authority to require that an application for planning permission includes such further information, particulars or evidence in support of anything in or relating to the application as they think necessary to determine the application.

The Council considers that the following additional information is necessary to determine your application and hereby asks that it be provided:

1. Details of how long the property has been marketed for, with whom and whether there have been any expressions of interests as a result of this marketing.
2. Evidence of existing positive drainage to a public sewer from the site boundary. The drainage plan shall include surface water storage and flow control rate.

This request for further information is a formal direction pursuant to Section 62 and Regulation 4.

The statutory period for determination of the application runs from the date the application was validated. You are requested to provide the additional information set out above within 7 days of receipt of this letter.

Alternatively you may agree with the Local Planning Authority an extension of time to provide the additional information. If you agree to such an extension, please complete and return the attached consent form within 7 days of receipt of this letter. The consequences of this will mean that the period of determination will run again from the date that the additional information is received.

If neither the additional information nor the completed consent form has not been received within 14 days of the date of this letter, then the application will be determined on the basis of the information available which is likely to result in a refusal due to inadequate information.

A third alternative is that you have the option of withdrawing the application pending the preparation of the further information requested.

I am still awaiting comments from Highway Services which will be a material consideration to this application.

Yours faithfully

Steve Hopwood  
TEAM LEADER

**Consent to Extend Time**

**Case Officer:** Louise Clarke

**Application Number: 2015/62/92343/E**

**At: Warwick Mills, Warwick Road, Batley, WF17 6BS**

**For: Part demolition and conversion of mill to form 18 residential units**

I hereby agree to an extended period of time to give the applicant notice of their decision (or determination or notice that the application has been referred to the Secretary of State).

The extension of time is to allow opportunity to provide the additional information requested in the letter from the Local Planning Authority dated 13-Oct-2015. I understand that the consequences of this mean that the period of determination will run again from the date that the additional information is received.
