Good morning Adam,

Yes it does.

As this is the case there is no need for any drainage related conditions, but please put on the construction site hours footnote and EV charge point condition.

Thanks in advance

Kevin

Hi Kevin,

Drainage plan attached in response to your comments. They are now proposing to connect to a main sewer. I assume this addresses your concerns?

Adam

Adam

Please find attached updated drainage proposals clarifying the Foul drain connecting to the foul sewer and surface water drainage to soakaway.

Let me know if you need any further clarification.
