Subject: Re: 1a Brendan Drive, Huddersfield, HD2 2DF

Hi,

I have been away for 2 months but just prior to the Christmas break we were called to storm damaged tree at the above address.

A large sycamore had lost 1/3 of its crown and the branches had caused damage to the property. The tree was unsafe and had a significant split just below the remaining crown so we removed the tree as we were concerned as the high winds were due to increase and did following out visit.

I believe the tree was subject to a TPO and there is a sycamore close to this which we would like to remove and replace also.

I have attached some pictures of the fallen limbs.

Kind regards,

Kristian Chesterman
