Title: First name: Surname:

Reference:

Date (DD/MM/YYYY): (Must be pre-application submission)

Details of the pre-application advice received:

On 6th January I spoke with Paul Wood and Nick Hirst regarding the proposal. I was advised that the proposed development was in a conservation area. As such it is required that developments maintain or enhance appearance and I should consider the materials I was using ie; stone facing instead of timber. I was advised to complete a FULL application. I was advised that due to neighbouring residential properties there may be restrictions placed on hours of use. 25th January Original application was invalidated due to incorrect plans being submitted. I was advised of issues raised by environmental health regarding the impact of potential noise and that if resubmitted the proposal was likely to be refused or have significant conditions attached-Nick Hirst. I also spoke with Paul Wood who was not aware of the full report from EH but referenced possible restrictions. Paul also spoke to conservation and design and stated that if stone facing was used they would not have a problem with the structure and design itself.
