Electricity Act 1989: Overhead Lines (Exemption)(England and Wales) Regulations 2009

It is proposed to undertake the following work that is considered to be exempted from the Electricity Act 1989 by falling within the Overhead Lines (Exemption)(England and Wales) Regulations 2009:

ESQCR - Clearance Issue & ABC Works - Rhalifax Road, Gray Street, Liversedge WF15 6NE

Particulars of proposed development to be completed by Applicant:

Following a recent line patrol it has been highlighted that the existing low voltage distribution network at the above requires maintenance and renewal works to ensure the security of the affected supplies. See enclosed plan no's: 31_N63863457_01 & 02. It is proposed to renew x1 existing spans of line (Coloured green) and replace this with new ABC (Aerial Bundled Conductors) whilst replacing the existing poles and stays as required and as detailed on the drawings See also associated pictures. These works are considered as minor by DECC and therefore fall within the exemption regulations.

The Council/Authority is requested to indicate that it has no objection to the work being carried out by returning two copies of this Form with the Certificate completed and signed.

Yours Faithfully

For and on behalf of the Applicant
